Subject: FW: Tyler County CDBG Project - Engineer Selection

Dear Jackie,

Please see attached the letter from LJA in which they are withdrawing from your FY-2019/2020 CDBG project application. I have notified Goodwin Lasiter that they are now the engineer for this project, as they are next on the list. We are proceeding with application preparation. Please put this letter in your procurement file. No court action is necessary.

Thank you and let me know if you have any questions.
Sincerely,
Lesley

Subject: Tyler County CDBG Project - Engineer Selection

Judge Blanchette,

I have attached a letter for withdraw of engineering proposal for the current CDBG project, that will be performed for Tyler County SUD.

Dawn Pilcher or myself will call you on Monday to discuss further, or answer any questions you might have.

We look forward to providing engineering services for any future Tyler County projects.

Thanks,

Jeff D. Leavins, P.E.

Re: **Tyler County, Texas**
CDBG Engineer Selection

Dear Judge Blanchette:

LJA Engineering, Inc. was very pleased to learn of our engineering selection for Tyler County's current CDBG project. After our selection, we learned that this CDBG project is more directly for Tyler County Special Utility District (SUD), whom Tyler County will be sponsoring. LJA Engineering, Inc. would like to respectfully withdraw our proposal to provide engineering services on this project. We feel that this is in the best interest of the project, the Tyler County SUD, and LJA Engineering, Inc.

LJA Engineering, Inc. looks forward to working directly with Tyler County on any future projects and are committed to providing excellent engineering service to the County.

If you have any questions or comment, please give us a call.

Sincerely,
