Subject: RE: Tyler County, Texas - EMS Upgrade

Chris,

I will be at a conference in Waco next week. I will get this on the commissioners court agenda for approval. Roxanne and Dean both operate our reporting computer, so Vicki can ask for Roxanne.

Subject: Tyler County, Texas - EMS Upgrade

Donece,

I've attached a quote that would upgrade your reporting system with the latest certified version. The EVS 6.1.1.0 version requires windows 10 vs. the windows 7 you are currently running. Windows 10 provided up to date security enhancements to your reporting computer. The quote provided will be an upgrade and not a replacement. The reporting computer you currently have would be sent back to our technical services group in Omaha to upgrade it to windows 10 as well as loading the new version of EVS 6.1.1.0 on it. Along with the upgrade we are installing additional RAM which is required to run windows 10. Next Monday or Tuesday, Vicki Vogel will be reaching out to you via phone to talk with you more about it and answer any questions you may have. Take care and talk to you soon.
