**To: Tyler County Commissioners Court
Re: Radar unit transfer**

With the approval and consent of the Tyler County Commissioners Court, I would like to transfer an asset from my office to the City of Ivanhoe Police/Marshal department. That asset being a 10+ year old radar unit. This unit would be transferred to the City of Ivanhoe, as is with no guarantee or warranty.

The city of Ivanhoe is currently in the process of becoming a municipal police department under the new chief, Steven Drumm. As with most Constables across the state I am not working traffic, and this unit would benefit Ivanhoe in upgrading their equipment.
