**Subject:** Resignation – Emergency Management Coordinator

Dear Colleagues,

It is with mixed emotions that I submit my resignation from my position as Tyler County Emergency Management Coordinator.

Over the past two years, I have truly enjoyed serving the county and working alongside each of you. It has been an honor to collaborate with such dedicated professionals, and I am grateful for the experiences and relationships built during my time here.

Due to ongoing health and family matters, I have made the difficult decision to step away from this role. I will be returning to the Forest Service and will be working in the Woodville District. Although I am transitioning positions, I will still be in the area and look forward to staying connected.

Thank you all for your support, teamwork, and friendship during my time with Tyler County.

Sincerely,  
John E. Settlocker
