Three-Year Rate Guarantee

A group insurance program with Connecticut General carries a guarantee that the rates will remain unchanged for three years. This guarantee applies even in the case of medical care plans, regardless of claims or increases in the cost of medical care.

This unique feature — introduced in 1964 and now provided to thousands of employers — means . . .

- Predictable stabilized costs.
- Renewals only every three years.
- Simplified plan administration — with less paper work for the employer.
- Employee peace of mind — when they contribute to the cost.

Our three-year rate guarantee is a great value. At Connecticut General, we do things a little differently.
