TERMS AVAILABLE:

- Open Account:** Thirty-day terms without interest or handling charges upon purchase order and credit approval.
- 0-30-60-90 Plan:** The customer pays 1/4 at time of delivery, 1/4 is due 30 days after delivery, 1/4 is due 60 days after delivery and 1/4 is due 90 days after delivery. This is also a popular purchase program without interest or handling charge, provided payments are made within the specified time.
- Lease Program:** Depending on equipment cost, lease plans are available from one to five year durations. Equipment is abandoned to lessee when all payments have been made in full. Down payments on lease usually range from 10-15% of total equipment cost. Small lease payments conserve working capital while the equipment earns its own way. Leasing allows immediate acquisition for qualified customers and there are tax advantages also.

THE COST SAVING APPROACH TO CLEANING

The Model 660 Grime Fighter provides efficient low cost cleaning performance. Its high capacity thermal-hydraulic washing action makes short order of big cleaning chores. Adjustable temperature control permits cleaning sensitive painted surfaces (not to exceed 120° F.) and baked on machinery grease with the same unit, reducing the investment in additional equipment. The calibrated Chemical dial reduces detergent cost while eliminating guess work from solution consistence. Optional total remote control gun with quick coupler nozzles 0° -15° -25° give instant operator command at the gun, avoiding lost time back and forth to the unit to switch operations or applications. Put these cost saving benefits to work for you today—

See the Electro-Magic Distributor in your area for an actual demonstration, There's no obligation, of course.
