TYLER COUNTY COMMISSIONER'S COURT
SPECIAL MEETING
FEBRUARY 16, 1979 ---- 10:00 A.M.

Vol 5 Pg 52

A Special Meeting of the Commissioner's Court, met on Friday, February 16, 1979 at 10:00 A.M. All members being present. The meeting was opened with prayer by County Judge, Allen Sturrock.

A motion was made by Commissioner Riley and seconded by Commissioner Odom to approve the paying of bills, as submitted by County Auditor, Ann Fondren. The Bill which was presented on an Autopsy, was investigated and a decision was made to pay it. The Bill on the Solid Waste expense will be added upon receipt of invoice. All voted yes and none no. See attached.

A motion was made by Commissioner Odom and seconded by Commissioner Fowler for approval for District and County Clerks with deputies to attend a Seminar at Texas A & M University, College Station, Texas. All voted yes and none no. March 6,7,8, 1979.

A motion was made by Commissioner Lowe and seconded by Commissioner Riley to distribute the excess and contingency Funds, which have accumulated. These are to be divided equally for four precincts and placed in the Road and Bridge Funds. Commissioners Fowler and Odom voted NO and Commissioners Lowe, Riley and County Judge, Allen Sturrock voted YES.

A motion was made by Commissioner Fowler and seconded by Commissioner Odom to authorize a survey R O W on highway 69 north. This is on the north west corner of the J.B. Allison Survey, which is in question for 4 acres. All voted yes and none no.

A motion was made by Commissioner Fowler and seconded by Commissioner Odom to approve a Resolution for: Placement of Passive Warning Devices at Public Railroad Grade Crossings. All voted yes and none no. See attached Resolution.

COMMISSION

REAGAN HOUSTON, CHAIRMAN
DEWITT C. GREER
CHARLES E. SIMONS

STATE DEPARTMENT OF HIGHWAYS
AND PUBLIC TRANSPORTATION
AUSTIN, TEXAS 78701

ENGINEER-DIRECTOR
B. L. DEBERRY

Subject: Placement of Passive Warning Devices at
Public Railroad Grade Crossings

IN REPLY REFER TO
FILE NO. D-18SE

Gentlemen:

In compliance with Section 203 of the Highway Safety Act of 1973, a Statewide Program has been developed to inventory and improve passive protection at public railroad grade crossings within the State. This program will provide for signing and marking improvements at those public crossings where a need is defined by the State acting by and through the State Department of Highways and Public Transportation. Federal funding for such improvements is to be provided by Section 203 of the 1976 Highway Safety Act with State matching funds; no City or County funds will be required.

Districtwide projects, which include your jurisdiction, are proposed to make the necessary improvements. These projects will provide for the installation or upgrading of crossbuck signs, number of track signs, advance warning signs, and pavement markings to conform with the standards specified in the Texas Manual on Uniform Traffic Control Devices.

Since improvement needs may be designated at crossings within your jurisdiction, your participation in this program is recommended. Such participation will require the acceptance and return of this agreement.

By your acceptance of this agreement, signing or marking improvements designated in the proposed project can be made under the above mentioned funding. Existing passive protection devices found to be nonstandard or in poor condition will be salvaged and disposed of without credit to your jurisdiction. Upon completion of the project, the newly installed or upgraded devices, excluding crossbuck and number of track signs, shall become your jurisdiction's property and maintenance responsibility.

By duly authorizing the signing and return of one copy of this letter, the City/County of Tyler grants permission for the State or its Agent to perform the work herein described as may be necessary to provide a minimum passive warning system at those public street/road grade crossings of railroads within its jurisdiction as defined and designated by the State.

Your early consideration and approval is requested to allow a project for said improvements.

Sincerely yours

B. L. DeBerry
Engineer-Director

By: 
Byron C. Blaschke, Chief Engineer
of Maintenance Operations

Approved by Allen Murrell on the 16th day of February, 1979
under authority granted by ^{Ordinance} Resolution passed on the 16 day of February, 1979
Witnessed Wracl Bostick
Tyler County Clerk
