CONTRACT BETWEEN
THE UNITED STATES OF AMERICA
AND
THE ~~STATE~~/COUNTY OF TYLER
FOR

THE PROVISION OF LAW ENFORCEMENT SERVICES.

THIS CONTRACT, entered into this 22nd day of May 19 78,
by the United States of America (hereinafter referred to as the Government)
represented by the contracting officer executing this contract and Tyler
County, Texas, (hereinafter referred to as
(the Contractor). Witnesseth that:

WHEREAS, the construction of the Town Bluff Project (hereinafter
called the "Project") was authorized by the PL 14, 79th Congress, 1st Session,
approved 2 March 1945 Public Law 14, 79th Congress, 1st Session, and
the provision of recreation resources at the Project was
authorized by the provisions of
Section 4 of the 1944 Flood Control Act, as
amended 16 U.S.C. 460d ; and

WHEREAS, it is the responsibility of the Government, in administering the
Project lands, to provide the public with safe and healthful recreational
opportunities; and

WHEREAS, the Contractor has the authority to enforce the State and local
laws for Tyler County, Texas on such lands, and

WHEREAS, Section 120 of the Water Resources Development Act of 1976 (Public
Law 94-587) authorized the Government to contract with States and their
political subdivisions for the purpose of obtaining increased law
enforcement services on Project lands to meet needs during peak visitation
periods; and

WHEREAS, it is in the best interests of the Government to obtain the
assistance of the Contractor in the enforcement of State and local laws
on Project lands.

NOW, THEREFORE, the parties hereto mutually agree as follows:

Article 1. Plan of Operation.

(a) The Government and the Contractor, have agreed to a Plan of
Operation which describes the scope and extent of law enforcement services
to be provided by the Contractor in accordance with this contract. Such
Plan of Operation, as concurred in by the Contractor, is attached hereto
as Appendix "A" and made a part hereof.

(b) It is recognized and understood that should the Government elect to exercise its option under Article 4(b) of the Contract and extend the term of the contract for an additional one year period, the parties may review and renegotiate the Plan of Operation, at the request of either. The renegotiated Plan of Operation shall, upon written agreement thereto by the parties, supersede Appendix "A" without the necessity of modifying this contractual document. However, if any changes made in the renegotiated Plan of Operation cause the total cost of the law enforcement services to be provided by the Contractor to exceed the amount specified in Article 3 to be paid by the Government, then such changes shall be implemented only by a supplemental agreement to this contract.

Article 2. Obligations of the Contractor.

(a) The Contractor agrees to furnish law enforcement services as described in the Plan of Operation under Article 1 hereof. Such services shall include:

(1) The enforcement of the civil and criminal laws of the State and Tyler County on Project lands which fall within the scope of the normal law enforcement service standard as described in paragraph 2 of the Plan of Operation without cost to the Government.

(2) The enforcement of the civil and criminal laws of the State and Tyler County on Project lands in accordance with the schedules and duties described in paragraph 3 of the Plan of Operation, with payment by the Government in accordance with Article 3 of this contract.

(3) Responding to special needs for law enforcement services over and above the services to be provided in subsection (2) above and at the request of the contracting officer or his authorized representative. Such special needs are intended to reflect special calls for assistance or aid to meet emergency or unforeseen situations, and are not intended to reflect any routine patrol or surveillance duties described in and made a part of the Plan of Operation for payment by the Government.

(b) The Contractor agrees to provide all personnel, equipment, and supplies which are required in order to provide the law enforcement services requested by the contracting officer in accordance with subparagraph (a) above.

(c) The Contractor agrees to provide only those personnel who are qualified and trained pursuant to the requirements of State and local laws and regulations to undertake the law enforcement services to be provided under the terms of this contract. Where State and local standards for the qualifications of law enforcement personnel do not exist, the Contractor will advise the contracting officer of the experience, qualifications and training of those personnel expected to be assigned law enforcement duties under this contract and assign such duties to such personnel only with the approval of the contracting officer.

Article 3. Obligation of the Government. Subject to the availability of funds the Government agrees to pay the Contractor for the total cost of the law enforcement services to be provided in accordance with the obligations agreed to be undertaken by the Contractor in Article 2(a)(2) above, including the costs of utilization, operation, maintenance, and repair of such equipment as is required for the provision of such services and identified in the Plan of Operation under Article 1 above. The total cost of such law enforcement services shall not exceed \$ 11,806.48. At the request of the Contractor, partial payments may be made as the law enforcement services are performed on monthly estimates as identified in the Plan of Operation under Article 1 above and approved by the Government. This provision shall not be construed as relieving the Contractor from the responsibility to perform the law enforcement services agreed to be undertaken by him under this contract, or as a waiver of the right of the Government to require complete fulfillment of all the terms of this contract.

Article 4. Period of Services.

(a) It is mutually agreed that the Contractor shall provide the law enforcement services as described in Article 1 and 2 hereof for a period of not more than 120 days extending from the date on which this contract is approved, or May 22, 1978 whichever is later, through September 18, 1978, unless terminated by mutual agreement, or on 30 days' written notice from either party to the other.

(b) Option to Extend the Terms of the Contract. This contract is renewable, at the option of the Government, by the contracting officer giving written notice of renewal to the Contractor by December 31, 1978. The total duration of this contract, including the exercise of an option under this clause, shall not exceed two (2) years.

Article 5. Disputes.

(a) Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of by agreement shall be decided by the contracting officer, who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to the Contractor. The decision of the contracting officer shall be final and conclusive unless, within 30 days from the date of receipt of such copy, the Contractor mails or otherwise furnishes to the contracting officer a written appeal addressed to the Chief of Engineers. The decision of the Chief of Engineers or his duly authorized representative for the determination of such appeals shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceeding under this clause, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision of a dispute hereunder, the Contractor shall proceed diligently with the performance of the contract and in accordance with the contracting officer's decision.

(b) This "Disputes" clause does not preclude consideration of law questions in connection with decisions provided for in paragraph (a) above provided, that nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

Article 6. Default. In the event the Contractor fails to meet any of its obligations under this agreement, the Government may terminate the whole or any part of this contract.

Article 7. Exclusion of Federal Employee Benefits. It is understood and agreed that the services to be provided by the Contractor and its employees shall not be considered to fall within the scope of Federal employment, that the Contractor and its employees shall not be considered as agents or employees of the Federal Government, and that none of the benefits of Federal employment will be conferred under the terms of this contract.

Article 8. Release of Claims. The Contractor agrees to hold and save the Government, its officers, agents and employees, harmless from liability of any nature or kind, for or on account of any claims for damages that may arise during the performance of the law enforcement services by the Contractor under this contract.

Article 10. Termination for Convenience. (1968 FEB)

The Contracting Officer, by written notice may terminate this contract, in whole or in part, when it is in the best interests of the Government. If this contract is so terminated, the Government shall be liable only for payment in accordance with the payment provisions of this contract for services rendered prior to the effective date of termination. Article 11. Equal Opportunity. During the performance of this contract and subject to the provisions of ASPR 12-805(c), the Contractor agrees as follows:
