Mrs. Barbara Tolbert
Tax Assessor-Collector
TYLER COUNTY
Woodville, Texas 75979

Dear Barbara,

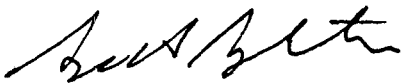

In line with our conversation about the new on-line computer system, I am enclosing a proposal that outlines the services and related costs that are presently available for our on-line customers.

Basically our prices remain the same and the county rents their terminals from Western Data Services, Inc. Western Data Services, Inc. pays for the phone line charges and additional computer disc storage to make your files available to your office eight (8) hours a day.

We recognized several years ago that inflation would force us to increase prices. Instead of doing this we developed the on-line system so that our customers could maintenance and control their own files.

The benefits of this new on-line system are so much better than the old batch system that it more than off sets any cost increases. Thanks for your interest and we look forward to serving your county.

Sincerely Yours,

George H. Singleton
