August 4, 1981

TO: COUNTY JUDGES, SHERIFFS, DISTRICT & COUNTY CLERKS
FROM: JEFF BOGGESS, TAC GENERAL COUNSEL
RE: SHERIFF & CONSTABLE FEES

The 67th Legislature enacted H.B. 1617, which will permit a commissioners' court to set the fee to be paid in its county for service of citation in civil cases in order to have the fee equal the county's cost in effecting the service. The bill also permits the commissioners' court to set the fee to be paid sheriffs and constables for other services and repeals Article 3933a, V.A.T.S. This legislation becomes effective on September 1, 1981.

The bill also provides that if a commissioners' court takes no action the fees will remain as they were on August 31, 1981.

The Dallas County Commissioners' Court has adopted a written order establishing new fees for service of citations and writs. Enclosed please find a copy of this court order for your review. (Order sent to judges & clerks only.)

The TAC office will compile a list of all sheriff and constable fees charged in every county in the state. This list will be sent to every District and County Clerk in the State. Please provide us with information about all changes in the fees made by your commissioners' court by September 30, 1981 so that these changes will be reflected in our statewide list.

Since the legislation goes into effect September 1, we suggest that any ~~change your court may adopt also become effective on September 1.~~ Should your court desire to increase fees thereafter, we suggest that any increase be effective on September 1 of any future year so that we can have a uniform effective date across the state for such increases. This office will prepare a statewide list of all fees in September reflecting all new increases.

PLEASE RETURN YOUR SCHEDULE OF NEW FEES

THE HOUSE APPROVED H.B. 30 ON MONDAY, AUGUST 3, on a vote taken at 8 p.m., after approving some 18 proposed amendments to the bill and decisively defeating others.

~~DEFEATED: (1) several different plans providing for the election and/or appointment of appraisal board members, (2) a plan to elect chief appraisers, (3) an amendment striking the language in Peveto's bill to make taxing units political subdivisions of the state, and (4) an attempt to designate the county tax assessor-collector the chief appraiser of an appraisal district.~~

ACCEPTED: (1) an amendment by Rep. Bob McFarland that guts the 3/4 rule by prohibiting reductions in the weighted voting strength of a taxing unit for board election purposes without the consent of the affected unit. Ex.: a large school district in an appraisal district levies 60% of the taxes in the district and has 60% of the voting strength. A 3/4 majority of the taxing units in a district could not impose a reduction of the voting strength upon the school district without its consent, and (2) extension of ad valorem tax exemptions to the tools, equipment, books and apparatus used by an individual, not a partnership or corporation, in his or her trade or profession.

The Senate Finance Committee on Monday, August 3 okayed a committee substitute to Sen. Pete Snelson's S.J.R. 4, a proposed constitutional amendment which would reimpose a 3¢ state ad valorem tax to finance building programs at Texas colleges and universities.

A survey taken by the Texas Association of Counties last week shows that such a tax, when levied on property assessed and appraised at 100% market value, would increase tax collections for state purposes by nearly 45% over 1979 levels.

~~From some approximately 135 responses that were mailed to TAC within a day or two of their receipt by county tax collector-assessors, we were able to prepare a report and present it to the Governor by the end of last week. Governor Clements opposes the 3¢ tax.~~

Billed by proponents as a "reduction" in state ad valorem taxes, the 3¢ authorization is actually a new state tax which would put local governments and the state in direct competition for tax dollars. If you oppose such a measure, call or write your state senators and representatives immediately.

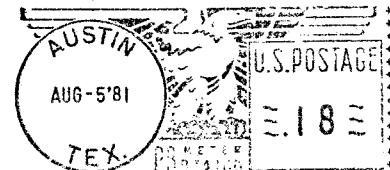

Thank-you to all the tax assessor-collectors who responded immediately and effectively to our questionnaire on the effects of this proposed tax. You may wish to submit to your local media data on the effect of the 3¢ tax on your county.

It is still possible to register for the TAC Subdivision Regulation Seminar to be held at the Austin Hilton Inn on September 11, 1981. Send a check or money order for \$35 to the TAC office before September 1 and we will reserve a space for you.

Dear Honourable Judge Allen Sturrock,

We have received the enclosed statements requesting payment for services rendered our foster children.

We ask for these bills to be paid to the following offices:

Texas Research Institute of Mental Sciences
1330 Moursund Ave.
Houston, Texas 77030

For tests carried out on Clarissa Leola Mashtere \$196.00.

She will not be in adoption for any parent soon to be able to pay this bill. I have checked with the adoption worker and our Program Director John G. Saunders about your previous suggestion. I have been informed that such a request is impossible to make of parents who hope to adopt, especially in the case of an emotionally disterbed child who will have a hard enough time being adopted without extra money problems to complicate her chances to find a home.

The second statement is to be mailed to:

McLennan County
201 County Courthouse
Waco, Texas 76701
(817) 756-717

This is in payment of legal fees for an Indefinite Court Commitment proceeding for Geneva Elene McDuffie who was placed in the Rusk State Hospital following the hearing. It was necessary to get Elene in a hospital for psychiatric observation and therapy. By getting an indefinite court commitment I have been able to cease returning to Court every 90 days as I would be required to do without an indefinite commitment of this child.

VOL 006 PAGE 731

We had been coming to ask her for voluntary placements when she was able to make a rational choice, but when she began to worsen we could not proceed to transfer her to a State Hospital such as Rusk without a hearing. The Waco Center for Youth is backed up by DHR-MHMR contracts. The MHMR branch of the facility paid for the child to get to and from Rusk for her emergency 10 day placement and return hearing. We have been truly fortunate that they provided the services at no charge to our County, the Court does ask us however to pay our past due bill that was issued 09-26-80.

I hope that from this information you can take the necessary action to approve payment of these bills.

Should you have any further questions I will be only to happy to meet with you to discuss this request.

Sincerely,

Melinda A. Stryker
