TYLER COUNTY COMMISSIONER'S COURT
 SPECIAL MEETING
 NOVEMBER 18, 1983---10:00 A. M.

VOL 008 PAGE 732

A Special Meeting of the Commissioner's Court met on Friday, November 18, 1983 at 10:00 A. M. All members being present except Commissioner Berton A. Odom. The meeting was opened with prayer by Judge Allen Sturrock.

A motion was made by Commissioner Mahan and seconded by Commissioner Riley to table until a later date any decision to be made concerning the appointing of members to the Child Welfare Board. All voted yes and none no.

A motion was made by Commissioner Riley and seconded by Commissioner Lowe to approve the appointment of members to the Tyler County Sesquicentennial Committee. All voted yes and none no. See Attached.

A motion was made by Commissioner Mahan and seconded by Commissioner Riley to approve the purchase of 3/4 acres of land in Precinct #3 located on Highway 69, North of Colmesneil, Texas. All voted yes and none no. See Attached.

A motion was made by Commissioner Mahan and seconded by Commissioner Lowe to approve giving the amount of \$150.00 each to cover the cost of Christmas gifts to the foster children now under Tyler County's supervision. All voted yes and none no.

A motion was made by Commissioner Mahan and seconded by Commissioner Lowe to approve the bid received from Lufkin Typewriter & Cash Register Co., Lufkin, Texas for a new Royal typewriter to be located in the County Clerk's office. All voted yes and none no. See Attached. Bid received listed below:

- 1. Lufkin Typewriter & Cash Register Co.-----\$960.00
- Less 10% discount----- (96.00)
- Less trade-in allowance (Royal typewriter)----- (75.00)
- Total amount approved-----789.00

Also, a motion was made by Commissioner Lowe and seconded by Commissioner Mahan to approve the bid received from IBM, Beaumont, Texas, for a new IBM typewriter to be located in the District Clerk's office. All voted yes and none no. See Attached. Bids received are listed below:

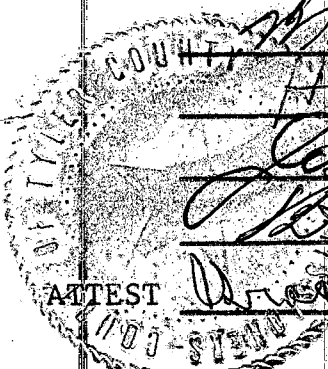

- 1. IBM, Beaumont, Texas-----\$828.00
- 2. Lufkin Typewriter & Cash Register Co.----- 960.00
- Less 10% discount----- (96.00)
- Total bid ----- 864.00

A motion was made by Commissioner Riley and seconded by Commissioner Lowe to approve paying bills for the month, as submitted by County Auditor Ann Nichol. All voted yes and none no. See Attached.

A motion was made by Commissioner Mahan and seconded by Commissioner Riley to approve amending the 1984 Budget to increase the amount allotted for Court appointed attorneys for an extra \$12000.00 for the year, as requested by Judge Monte Lawlis, 88th and 1-A Districts. All voted yes and none no. See Attached.

There being no further business, the meeting adjourned.

ROYAL

Royal 5005
All-Electronic
Print Wheel Typewriter
with Dual Pitch

In order to improve efficiency and increase office productivity, the all-electronic Royal 5005 accomplishes automatically much of the tedious work formerly performed manually by the typist. Although it's highly advanced in technology, the Royal 5005 is completely simple to operate. Its electronic keyboard is thoroughly familiar to any typist, so training and adjustment time are minimal. For business, industry and government, the Royal 5005 is the ideal bridge from yesterday's electromechanical typewriters to the automated world of microprocessor controlled electronics.

Control functions right from the keyboard

Virtually all operating functions are simply and easily controlled from the electronic keyboard. At the touch of a key margins are set, paper is positioned up or down, impression control is adjusted and line spacing may be switched to one of four settings. LED indicator lights alert the typist to the function currently in operation: pitch selection, line spacing, half spacing and the shift lock.

The versatile keyboard also provides repeat action for all 46 typing keys, as well as the space bar, the back space and correction keys, plus indexing.

Outpaces high speed typists

The Royal 5005 can handle the fastest typing. Even during sudden bursts of typing speed, the keyboard memory stores the last 16 characters typed and prints them in correct sequence without jamming or character misprinting.

Dual pitch for increased flexibility.

To accommodate the variety of print wheel type styles offered, The Royal 5005 switches pitch instantly from 10 characters per inch to 12 characters per inch. An indicator light reminds the typist which pitch is programmed. It's almost like having two machines in one.

Clean, rapid-changing ribbon cassettes

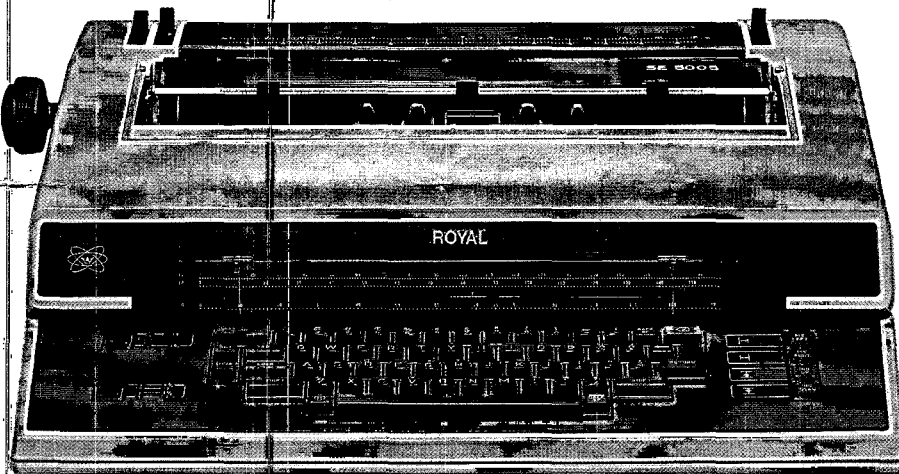

Royal has completely eliminated the mess and fuss of changing ribbons. Depending on the typing job, the typist may simply drop in a correctable carbon, single-pass carbon, multi-strike carbon or fabric ribbon cassette. Correction tapes are available in Lift-Off for correctable carbon ribbon and Cover Up for the other carbon and fabric ribbons.

Other convenient features

- Retractable paper support/page-end indicator
- Automatic paper insertion
- Automatic paper advance and ejection
- Electronic line space selector for 1, 1½, 2, 2½ spaces
- Up to 500-hour memory retention for functions
- Express back space key
- Vertical half space up and down keys for sub and superscripts
- Horizontal half space key permits insertion of a missing character
- Copy control
- Modular design and self-diagnostic system for rapid servicing

Specifications

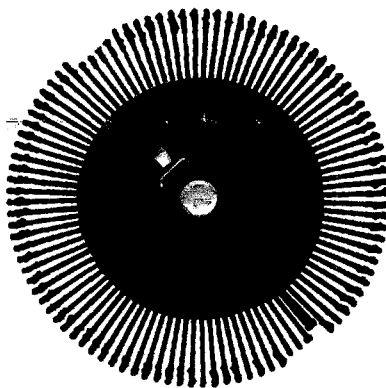

Paper capacity: 16½"
 Typing line: 13.2"
 Dimensions: 22.2" (W) x 6.85" (H) x 19.4" (D)
 Weight: 42 lbs.
 Power requirements: 110V AC, 60Hz

Royal 5005
Simply perfect
because it's
perfectly simple.

Two-line correcting memory automatically lifts off 132 characters

In addition to conventional lift-off corrections, there's an exceptionally large, automatic, 132-character correcting memory. It's simple to delete as much as two complete lines by the use of the correction key. Errors are cleanly removed with a correctable carbon ribbon cassette and lift-off tape.

Laser-sharp impressions with interchangeable print wheels

Royal offers a wide selection of print wheels with distinctive type styles to fit any typing job. The durably constructed print wheels produce sharp, clean, perfectly aligned characters. Print wheel technology combined with advanced electronic design produce exceptionally quiet operation.

IBM

**The IBM
Electronic
Typewriters**

IBM Electronic Typewriter 85 IBM Electronic Typewriter 65

The power of today's technology in IBM Electronic Typewriters moves typing to a high level of ease and efficiency. The Electronic 85 provides time-saving enhancements that help typists achieve increased productivity. Among them, a 15,500 character storage capacity and an electronic document revision capability.

The Electronic 65 has many of the same features as the Electronic 85, but it has a storage capacity of approximately 7,400 characters, and line-by-line document revision. However, it can be *upgraded* in your office to have the same capabilities as the Electronic 85.

Electronic Document / Phrase Storage

Things that are typed repeatedly such as addresses, titles, key phrases, sentences—even entire documents—can be stored and played out error-free, without retyping. Complete documents can be created at your command by combining a series of stored phrases with original typing.

Electronic Format Storage

Formats can be stored, minimizing typewriter set-up and expediting forms fill-in.

Electronic Document Revision

You can delete or type only those portions of the document that need to be revised. Then press the Play key and the typewriter plays out the corrected document, error-free.

IBM Electronic Typewriter Features	Model 85	Model 65
Approximate character storage capacity	15,500	7,400
Document storage	Yes	Yes
Phrase storage	Yes	Yes
Memory control panel	Yes	Yes
Full-line error correction	Yes	Yes
Electronic document revision	Yes	Partial*
Format storage (tabs, margins)	4	4
Automatic carrier return	Yes	Yes
Maximum characters in stroke storage	31	31
Automatic underscoring (word or line)	Yes	Yes
Automatic number alignment	Yes	Yes
Automatic column layout	Yes	Yes
Automatic centering	Yes	Yes
Automatic indenting	Yes	Yes
Automatic justification	Yes	Yes
Triple pitch (10 or 12 characters per inch or proportional spacing)	Yes	Yes
Semi-automatic paper insertion	Yes	No
Lighted carrier position indicator	Yes	No
Type styles (2 standard—others optional)	44**	44**
Case colors (1 standard—others optional)	5	5
Upgradeable	No	Yes

*Line-by-line during playback

**Subject to change

IBM Correcting Selectric® III Typewriter

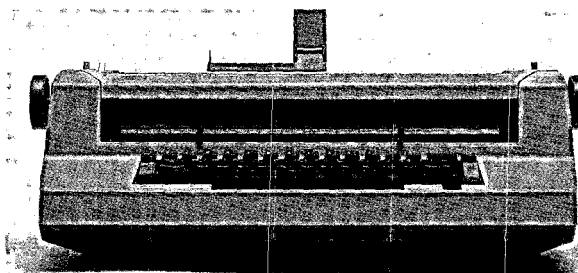

Letter-Perfect Typing Every Time

The IBM "Selectric" III can help make your typed documents quick, clean and ready for signature the first time. No more lost time retyping an entire page because of a few errors.

With the correcting feature built into the keyboard, correcting errors can be as simple as backspacing with the correcting key, retyping the incorrect character and typing in the correct character. No need to resort to manual correction methods.

IBM Correcting "Selectric" III Features:

- Dual pitch
- Wide range of type styles
- Lighted margin scale
- Page end indicator / paper rest
- Ribbon cassette system
- Acoustical sound hood
- Choice of one standard or seven optional case colors

VOL 430 PAGE 662

STATE OF TEXAS
COUNTY OF TYLER

Field notes describing 0.724 acre of land out of a 6.0325 acre tract out of the G. & B. N. R. R. Section 2, Abstract 332, Tyler County, Texas. Said 6.0325 acre tract is more fully described in a deed dated March 6, 1975, from Charles E. Faircloth to James H. & Travis Brown and recorded in Volume 330, Page 716, et seq., of the Deed Records of Tyler County, Texas.

BEGINNING at a concrete monument found at the most easterly northwest corner of said 6.0325 acre tract and the original northeast corner of the old Colmesneil school 4 acre tract. From which said concrete monument a 14" Post Oak bears S 69 deg. 30 min. E 30.80 feet and a 14" Post Oak bears S 16 deg. 30 min. W 4.40 feet.

THENCE S 72 deg. 00 min. 00 sec. E along and with a north line of said 6.0325 acre tract at 408.93 feet pass a concrete monument found and at 411.44 feet a 1/2" iron rod set for the most easterly northeast corner of said 6.0325 acre tract in the west right-of-way line of U. S. Highway No. 69, fifty feet perpendicular distance from its centerline. From which said concrete monument a 10" Hackberry bears S 01 deg. 00 min. W 8.90 feet.

THENCE in a southwesterly direction along and with a curve to the left in said right-of-way line, fifty feet perpendicular distance from and concentric with its centerline 7.47 feet to a 1/2" iron rod set at the P. C. of said curve. Said curve has a central angle of 00 deg. 13 min. 07 sec. and the chord of which bears S 11 deg. 59 min. 41 sec. W 7.47 feet.

THENCE S 11 deg. 53 min. 08 sec. W continuing along and with the west right-of-way line of said highway, fifty feet perpendicular distance from and parallel with its centerline 39.12 feet to a 1/2" iron rod set for corner.

THENCE N 80 deg. 12 min. 41 sec. W 417.70 feet to a concrete monument found at an ell corner of said 6.0325 acre tract in the east line of said school tract.

THENCE N 16 deg. 23 min. 36 sec. E along and with a west line of said 6.0325 acre tract and the east line of said school tract 106.03 feet to the PLACE OF BEGINNING, containing 0.724 acre of land.

surveyed January, 1982.

I, J. Gilbert Johnston, Registered Public Surveyor No. 2079 in the State of Texas, do hereby certify that the above field notes reflect an actual survey made by me on the ground and according to law; that the limits, boundaries, and corners, with the marks natural and artificial, are truly described in the foregoing field notes just as I found them on the ground.

Given under my hand this 14 th Day of January, 1982.
