Sheriff Hennigan presented a contract from the US Corp of Engineers for Security to be provided by off duty officers of the sheriff's department. Commissioner Riley pointed out errors within the contract and Commissioner Marshall felt it was unfair to other county employees to allow deputies to make money with county cars and equipment. Other concerns and suggestions were: that the money generated be put into the general fund and not the sheriff's budget; that, money generated be used toward the purchase of new cars for the sheriff's department. Sheriff Hennigan wanted the money to go into his budget to offset repairs and expenses incurred. After much discussion, Commissioner Barnes motioned to authorize a contract with the Corp of Engineers for security on a trial basis and that the County Judge be authorized to execute such contract. Commissioner Marshall seconded the motion. All voted yes and none no. SEE ATTACHED CONTRACT.
