Sharon,

Last years postage use \$13,500.

The DM500 is the right fit for your current mail volume, with room to grow. The new digital technology is whisper quiet, efficient and very user friendly. I've enclosed more details of features designed to make the mailing process easier.

Here are two recommendations for replacing your current equipment. FIRST year maintenance is free for both a lease or purchase. A gift from Pitney Bowes to you.

DM500 w/5# scale

Lease \$230.81 @ 63 months = ~~14,546.07~~ ^{\$}4602

Purchase \$5460

DM500 w/10# scale

Lease \$234.96 @63 months

Purchase \$5604

*Training is included

*Lease includes equipment, maintenance & meter/IntelliLink rental. A lease protects you from any price increases for the duration of the lease.

*Meter rental/IntelliLink for purchased equipment, are billed quarterly.

Maintenance is billed on an annual basis.

Maintenance and meter rental are vulnerable to increases annually.

I look forward to meeting with you in the near future.

Re: November 2, 2004 General Election Ballot

Dear Mr. Rich:

Tyler County, Texas will be adding an item to the ballot for the general election on November 2, 2004.

The item reads as follows:

To establish a permanent ad valorem tax freeze on Tyler County residence homesteads for persons 65 and over and their spouses and the disabled ("Proposition 13").

Para congelar permanentemente el impuesto sobre valores ("ad valorem") de residencias y terrenos en el Condado de Tyler de personas de 65 años o mayores de edad, a sus conyugues y a los desabilitados ("Proposicion 13").

We are asking that you expedite this matter as our time line for this item to be placed on the ballot is becoming crucial.

Thank you so much for your help,

Jerome Owens
County Judge

Re: Engagement of Allen Boone Humphries LLP for Bond Counsel Services

Dear Judge Owen and Members of Commissioners Court:

We appreciate being asked to serve as bond counsel with respect to Tyler County's issuance of bonds for its County park project and such other bond issues undertaken by the County from time to time. Our experience has been that it is mutually beneficial to set forth, at the outset of our representation, the role and responsibilities of both our law firm and the client. That is the purpose of both this letter and the separate Standard Terms of Engagement for Legal Services that is enclosed with this letter.

Client

The client for this engagement is the Tyler County, Texas. This engagement does not create an attorney-client relationship with any related persons or entities, such as parents, subsidiaries, affiliates, employees, officers, directors, shareholders, or partners.

Scope of Engagement

We agree that our services as bond counsel will include any of the following, if required:

Honorable County Judge and Commissioners Court

Tyler County, Texas

August 11, 2004

Page 2 of 10

1. Preparation of documents in connection with the bond proposition, including but not limited to the ballot proposition, the order calling the bond election, election notices and U.S. Department of Justice submissions;
2. Attendance at all meetings of the County Commissioners Court as required or requested in connection with the planning and authorization of such bond election;
3. Preparation of the documents authorizing issuance of the bonds, together with all other legal documents comprising the transcript of proceedings for authorization and issuance of such bonds;
4. Preparation of and submission to the Attorney General of Texas of a transcript of proceedings for the bonds to obtain the approval of the Attorney General and registration of the bonds by the Comptroller of Public Accounts of Texas;
5. Preparation and filing of legal documents required under federal income tax law for the bonds, and the preparation of and delivery to the County of a Letter of Instructions with respect to the federal income tax treatment of bond proceeds; and
6. If appropriate, the delivery at closing of our approving opinion as to the validity of the bonds under Texas law and the exclusion of interest on the bonds from gross income of the holders under federal income tax law.

For the services outlined above our fee would be \$1 for each one thousand dollars, or portion thereof, of bonds actually sold and delivered, such fee to be calculated separately for each such issue or series, paid from bond proceeds, and contingent on delivery of the bonds, with a minimum fee of \$7,500 for each issue.

For other bond issues (or issuance of certificates of obligation) other than as described in the first paragraph, we will agree on a fee at the time such other bonds (or certificates) are issued. If no bonds are issued, no fee for our bond services would be expected.

The County also would reimburse us for expenses incurred in connection with each issue or series of the bonds, including travel, long distance telephone charges, and photocopy and document delivery charges. All such charges will be reasonable and subject to approval by the County.

The services outlined above do not include such matters as services as disclosure counsel in connection with bond issues, work on post-closing federal tax or disclosure issues, obtaining IRS rulings or clarifications of federal tax law, presentations to rating agencies or bond insurers, or "blue sky" or securities

registration services. We will be pleased to provide legal services in connection with any matters not included in paragraphs 1 through 6 above, but we believe that such additional services, if requested by the County, should be performed on mutually agreeable terms, to be set forth in a separate letter of engagement.

Other Charges

In addition to our fees, there will be other charges for items incident to the performance of our legal services, such as photocopying, messengers, travel expenses, long-distance telephone calls, facsimile transmissions, postage, overtime for secretaries and other non legal staff, specialized computer applications such as computerized legal research, and filing fees. The basis upon which we establish these other charges is set forth in the Standard Terms of Engagement For Legal Services.

We understand and agree that this is not an exclusive agreement, and you are free to retain any other counsel of your choosing. We recognize that we shall be disqualified from representing any other client with interests materially and directly adverse to yours (i) in any matter which is substantially related to our representation of you and (ii) with respect to any matter where there is a reasonable probability that confidential information you furnished to us could be used to your disadvantage. You understand and agree that, with those exceptions, we are free to represent other clients, including clients whose interests may conflict with yours in litigation, business transactions, or other legal matters. You agree that our representing you in this matter will not prevent or disqualify us from representing clients adverse to you in other matters and that you consent in advance to our undertaking such adverse representations.

This engagement and our attorney-client relationship will be terminated when we have completed the services in the matters covered by this engagement letter and any written supplements to this engagement letter. If you later retain us to perform further or additional services, our attorney-client relationship will be established by another engagement letter.

Our firm represents a number of lawyers and law firms in real estate development. This means that we may have represented, may currently represent, or in the future may represent counsel opposing your interests in a matter in which we represent you. This will not in any way affect the diligence or vigor with which we represent your interests in the matter or the matters on which you engage our firm. If this is a concern to you, please let us know and we will check on the particular lawyers involved in your matter or matters.

Cooperation

In order to enable us to render effectively the legal services contemplated, the County has agreed to disclose fully and accurately all facts and keep us informed of all developments relating to this matter. We necessarily must rely on the accuracy and completeness of the facts and information you and your agents provide to us. To the extent it is necessary for the County's representatives to attend meetings in connection with this matter, we will attempt to schedule them so that the convenience of those representatives can be served.

Investment Disclosures

Many of the Firm's lawyers, directly or beneficially, own interests in corporations and other entities or in real property. Although our computerized system used for checking conflicts of interest tracks all investments made in the name of the Firm, it does not contain data as to investments made individually by each of the Firm's lawyers. If you are at all concerned about these individual investments, we will be pleased to canvass our lawyers about their individual investments in any entity or entities about which you may be concerned.

Withdrawal or Termination

Our relationship is based upon mutual consent and you may terminate our representation at any time, with or without cause, by notifying us. Your termination of our services will not affect your responsibility for payment of fees for legal services rendered and of other charges incurred before termination and in connection with an orderly transition of the matter.

We are subject to the rules of professional conduct for the jurisdictions in which we practice, which list several types of conduct or circumstances that require or allow us to withdraw from representing a client, including for example, nonpayment of fees or costs, misrepresentation or failure to disclose material facts, fundamental disagreements, and conflict of interest with another client. We try to identify in advance and discuss with you any situation which may lead to our withdrawal, and if withdrawal ever becomes necessary, we give you written notice of our withdrawal. If we elect to withdraw for any reason, you will take all steps necessary to free us of any obligation to perform further, including the execution of any documents necessary to complete our withdrawal, and we will be entitled to be paid for all services rendered and other charges accrued on your behalf to the date of withdrawal.

If the foregoing, including the items set forth in the enclosed Standard Terms of Engagement For Legal Services, correctly reflects your understanding of the terms and conditions of our representation, please so indicate by executing the enclosed copy of this letter in the space provided below and return it to the undersigned.

Who Will Provide the Legal Services

Customarily, each client of the firm is served by a principal attorney contact. The principal attorney should be someone in whom you have confidence and with whom you enjoy working. You are free to request a change of principal attorney at any time. Subject to the supervisory role of the principal attorney, your work or parts of it may be performed by other lawyers and legal assistants in the firm. Such delegation may be for the purpose of involving lawyers or legal assistants with special expertise in a given area or for the purpose of providing services on the most efficient and timely basis. Whenever practicable, we will advise you of the names of those attorneys and legal assistants who work on your matters.

Additional Charges

In addition to our fees, there will be other charges for items incident to the performance of our legal services, such as photocopying, messengers, travel expenses, long-distance telephone calls, facsimile transmissions, postage, overtime for secretaries and other non-legal staff, specialized computer applications such as computerized legal research, and filing fees. The current basis for these charges is set forth below. The Firm will review this schedule of charges on an annual basis and adjust them to take into account changes in the Firm's costs and other factors.

Duplicating

The Firm charges \$.15 per page.

Courier Services

The Firm charges an amount which generally represents cost including the distribution service provided by the Firm. Depending on the volume of work performed by a service provider, the Firm may receive a volume discount during a particular accounting period for which no adjustment is made on an individual client's bill.

Computer Aided Legal Research (CALR)

Third party providers of CALR services charge the Firm amounts each month based on the type, extent, and duration of the services provided. The Firm charges clients for client research only based on the computed cost to the Firm for the use of the services. This cost is monitored and revised periodically to achieve an average "at cost" rate for clients.

Telefax

The Firm charges \$1.00 per page for outgoing telefaxes, which includes all telephone costs.

*Standard Terms of Engagement
for Legal Services*

This statement sets forth certain standard terms of our engagement as your lawyers and is intended as a supplement to the engagement letter that we have with you as our client. Unless modified in writing by mutual agreement, these terms will be an integral part of our agreement with you as reflected in the engagement letter. Therefore, we ask that you review this statement carefully and contact us promptly if you have any questions. We suggest that you retain this statement in your file with the engagement letter.

The Scope of Our Work

You should have a clear understanding of the legal services we will provide. Any questions that you have should be dealt with promptly.

We will at all times act on your behalf to the best of our ability. Any expressions on our part concerning the outcome of your legal matters are expressions of our best professional judgment, but are not guarantees. Such opinions are necessarily limited by our knowledge of the facts and are based on the state of the law at the time they are expressed.

It is our policy that the person or entity that we represent is the person or entity that is identified in our engagement letter, and absent an express agreement to the contrary does not include any affiliates of such person or entity (e.g., if you are a corporation or partnership, any parents, subsidiaries, employees, officers, directors, shareholders or partners of the corporation or partnership, or commonly owned corporations or partnerships; or, if you are a trade association, any members of the trade association). If you believe this engagement includes additional entities or persons as our clients you should inform us immediately.

It is also our policy that the attorney-client relationship will be considered terminated upon our completion of any services that you have retained us to perform. If you later retain us to perform further or additional services, our attorney-client relationship will be revived subject to the terms of engagement that we agree on at that time.

This engagement shall be subject to the Texas Disciplinary Rules of Professional Conduct.

The Firm does not charge for local calls. Due to the Firm-wide volume of long distance calls and multitude of rates for the various area codes and exchanges (over 65,000), the Firm does not bill each individual call based on the statements received from providers, but rather charges a flat rate of \$.41 per minute for each long distance call made within the United States. This rate (\$.41) is an approximation of third party provider charges and internal costs associated with this service. International calls are charged based on the rate in effect for the country being called.

Travel-Related Expenses

Airfare, meals, and related travel expenses charged to the client represent actual, out-of-pocket cost. Depending on the volume of both Firm and personal travel, the Firm may receive beneficial services, including airline tickets from its travel agent for which no adjustment is made on an individual client's account. In addition, credits earned under the Frequent Flyer Programs accrue to the individual traveler and not to the Firm.

All Other Costs

The Firm charges actual disbursements for third-party services like court reporters, expert witnesses, etc., and may recoup expenses reasonably incurred in connection with services performed in-house, such as mail services, secretarial overtime, file retrieval, etc.

Unless special arrangements are otherwise made, fees and expenses of others (such as experts, investigators, consultants and court reporters) will be the responsibility of, and billed directly to, the client. Further, all invoices in excess of \$500 will be forwarded to the client for direct payment.

Billing Arrangements and Terms

Our billing rates are based on the assumption of prompt payment. Consequently, unless other arrangements are made, fees for services and other charges will be billed monthly and are payable within thirty days of receipt.

Client and Firm Documents

We will maintain any documents that you furnish to us in our client file (or files) for this matter. At your request, we will return your documents to you at the conclusion of the matter (or earlier, if appropriate). It is your obligation to tell us which, if any, of the documents that you furnish us that you want returned. We will return those documents to you promptly after our receipt of payment for outstanding fees and charges. Our own files pertaining to this matter, including the work performed by our attorneys, will be retained by the firm. Any documents retained by the firm will be kept for a certain period of time, and ultimately we will destroy them in accordance with our record retention program schedule then in effect.
