**Commissioner Nash** motioned to sponsor a table for the **Texas Forest County  
Partnership 2009 Membership Banquet**. **Commissioner Marshall** seconded the  
motion. All voted yes and one no.

Terry Allen entered the meeting.

**Commissioner Nash** motioned to transfer vehicle VN# 1FTRW0743KD13504 from the Sheriff's department to Tyler County Pct. #1. **Commissioner Hughes** seconded the motion. All voted yes and none no.

Sharon Fuller updated the court as to the survey for **direct deposit of employee's payroll**. Out of 140 employees, 83 responded "for" and 16 "against". She explained the steps her office was involved in getting direct deposit implemented. Netdata will be doing a software update in June and will load software needed for direct deposit. **Commissioner Nash** suggested setting up guild lines for employee enrollment. A motion was made by **Commissioner Nash** and seconded by **Commissioner Walston** to table consideration of this item, due to no action required as this time. All voted yes and none no.

A motion was made by **Commissioner Nash** and seconded by **Commissioner Walston** to offer free mulch to citizens of Tyler County during the month of March. All voted yes and none no.

**Judge Blanchette** motioned to consolidate the Regular meeting and the Friday Special Meeting in March due to conflict with the Annual County Judge and Commissioners CE Seminar. **Commissioner Hughes** seconded the motion.. All voted yes and none no.

**Judge Blanchette** motioned to suspend the 30day burn ban order for 10 days, due to the recent rainfall. This suspension will end February 23<sup>rd</sup>. **Commissioner Marshall** seconded this motion. **Commissioner Nash** suggested re-affirming the conditions of the ban such as controlled burning. Mr. Feeley stated that one inch of rain was not enough to lift the ban, but they would log fire calls and report the results of this of this 10 day suspension. All voted yes and none.

**Commissioner Walston** motioned to adopt the resolution, as amended by Waxman & Assoc. as to the funding, designating the County Auditor and County Treasurer as signatories for contractual documents concerning Contract #728410m **Fred Water Project**. **Commissioner Nash** seconded the motion. All voted yes and none no.

INFORMATIONAL PRESENTATION: Kimberly Fontenot with Stellar Grants presented the possibility of grants for construction of a new jail. She stated that the federal economic stimulus plan triplicates the funding available, especially for "green" construction. To answer Judge Blanchette, Ms. Fontenot stated their fee is based on \$5000 per 50 beds of jail construction. She added that a health care unit with three beds could also be funded by a grant. **Commissioner Marshall** inquired about using these types of grants to build a new hospital. Ms. Fontenot will visit with Dr. Wright about this prospect. She gave some examples of "green" constructions: recycled wastewater, sheetrock that absorbs cold in the winter and repels heat in the summer, solar panels, electrical wiring and windmill generators. Scott Yosko added that "there is going to be someone at the forefront and it could be us".

INFORMATIONAL REPORTS:

**Juvenile Probation**- probability of consolidation of TYC and TJPC; received \$19,000 grant; State wants 2.5% of a grant returned. **Commissioner Nash** reported the Texas Forest Country Partnership passed a resolution against the consolidation of the two commissions.

**Justice of Peace, Pct.#4**- construction at Fred Elementary has begun; Judge Moore needs Netdata software badly but it requires high speed internet; Judge Blanchette suggested placing the item on an agenda for action to get a satellite internet card.

**Emergency Management**-problem with FEMA not covering equipment from Garner Environmental Services, Inc.; just received bill from Garner for fuel and \$1600 late fee

COURT RECESSED FOR A BREAK at 9:44 a.m.

BACK IN SESSION:

Bryan Murphy with Garner Environmental Services, Inc. clarified the following:

- county does not have to worry about the late fee
- \$73,827.79 was billed for LSA support. All equipment billed was for 10 different entities from a staging area. The county was billed at 2.8113% of that total cost being \$15,000 out of \$559,000 cost.
- Garner will make concession on the cable fee as questioned by Comm. Marshall
- Will verify the rate billed for generators is according to the contract and make adjustments if not.
- Will investigate the invoice for fuel

Jack questioned the responsibility of the county for equipment at other entities such as SHECO and 500kw Dogwood Trails Nursing Home. Steve Bell reported that a generators were at Exxon station in Colmesneil and Woodville for a total of 48 hours before power came back on. The 225 generator at SHECO was on a switch lift station on Hwy 287. John Paul explained that SHECO said they could not begin restoring power to the county until the lift station was operational. It was used to power their "camp" of linemen located at the airport. The court questioned the invoice for 40 gallons of fuel.

It was a consensus of the court to have a workshop with FEMA and Garner to workout some of the issues with payment of the outstanding invoices from Hurricane Ike.

Sheriff Hennigan entered the meeting at 10:30 a.m.

**County Judge**-\$209,000 has been received for reimbursement from HOME grant; sales tax report showed an increase over other reports-\$98,000. Judge Blanchette and Commissioner Hughes supports the Sheriff's Posse charging \$1 parking fee for parking at the rodeo arena. Certification was received from the Jail Commissioner for the county jail. He was appreciative of members of the court and sheriff to help get the jail in compliance.

**County Clerk**-if county will have bond election for jail, programming for equipment was due five weeks ago; therefore, she would need to start today working on ordering for an election

**Commissioner Walston**-the parking area is being redone to keep water out of the Best building and framing has been completed.

**Sheriff**- received a \$8800 bill from Newton County for housing prisoners. Judge stated that the county could be eligible for \$250,000 study for each step toward a new jail. Sheriff Hennigan felt the county would be eligible for grants due to being "economically depressed" area. Lou Cloy felt other foundations would give grants due to "green" construction. Judge Blanchette suggested the sheriff use his reports in the Booster to inform the public of cost of housing prisoners. The S.O. will be using "courtesy check" cards to let businesses know they have checked their building.

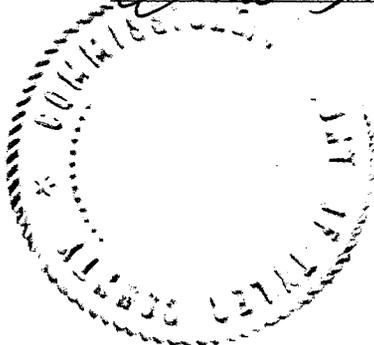

Commissioner Walston motioned the meeting adjourned. Commissioner Marshall seconded the motion. All voted yes and none no.

THERE BEING NO FURTHER BUSINESS, THE MEETING ADJOURNED:10:52 a.m.

I, Donece Gregory, County Clerk and ex officio member of the Tyler County Commissioners Court, do hereby certify to the fact that the above is a true and correct record of the Tyler County Commissioners Court session held on February 13, 2009.

Witness my hand and seal of office on this the 18th day of February, 2009.

Attest:

Feb. 2, 2009

Hon. Donece Gregory  
Tyler County Clerk  
Woodville, Texas

Re: Mobile File System

Ms. Gregory,

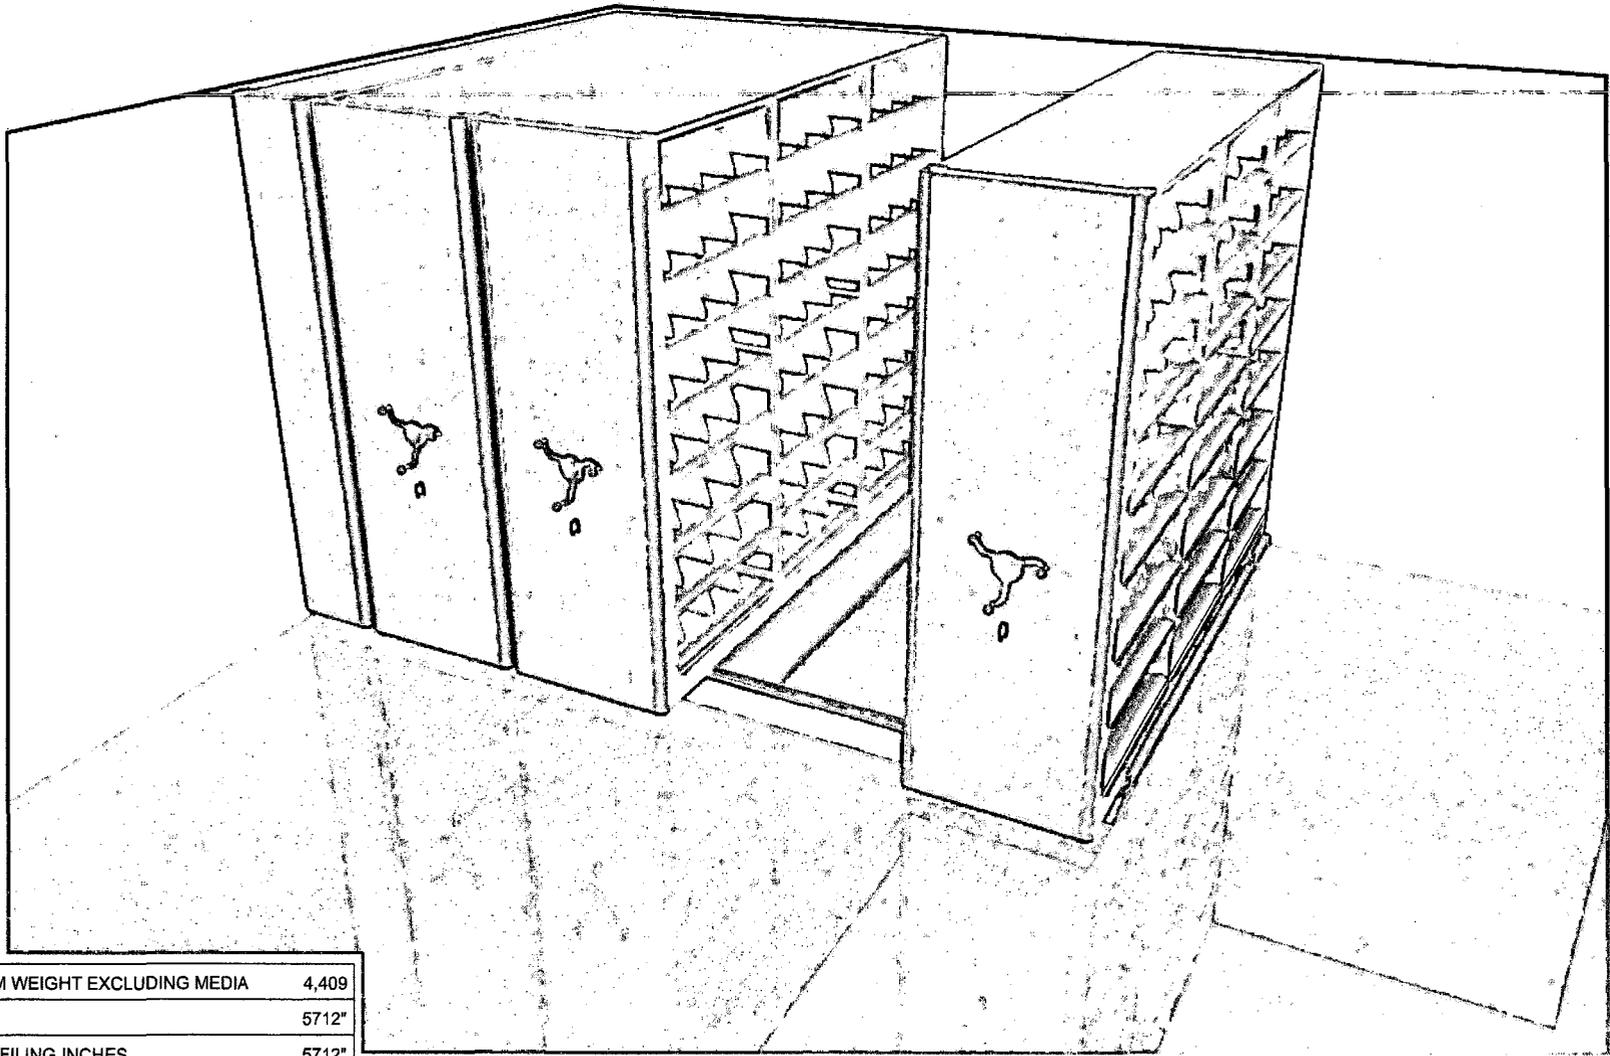

Thanks for letting Southwest Filing & Storage have the opportunity to quote you on a new Mobil-Trak 5 filing system. Datum Filing Systems is the manufacturer. Please see attachments for a 3D layout as well as a line drawing with all measurements included.

Your system which includes all freight and installation (turn key price) is \$14,978.00. It is designed to hold 5,712 filing inches which is the equivalent to 57 four drawer file cabinets. This system comes with a limited life time warranty. No one else in the industry offers this. You will also be able to add on to this system as needed in future years.

If you have any questions or concerns please feel free to call. Thanks again.

Sincerely

Lindy Stull

**Re:** Hurricane Ike Invoicing

**To:** All Southeast Texas/Golden Triangle contract holders and stakeholders:

Gentlemen:

The equipment leasing and Logistical Staging Area (LSA) support functions contained in the invoices provided to you have been billed with the focus on meeting the FEMA litmus test of being fair, reasonable, prudent and necessary. Garner is also keenly mindful of the ability to be reimbursed for this equipment and services by FEMA. The equipment and services which we have invoiced is reimbursable. This includes equipment which was requested, but was ultimately unused or little used due to the quick return to service of the energy infrastructure. The ordering, transportation and leasing of equipment anticipated to meet a response need are valid reimbursable items.

Due to the Louisiana Gulf Coast impact of Hurricane Gustav, equipment and supplies in the Southeastern United States were drawn down and fairly depleted. The majority of the equipment used to fill the orders placed with Garner from S.E. Texas in response to Hurricane Ike had to be requested and pulled in from the Northeast, Upper Midwest, and the West Coast of the United States. This circumstance, along with the lack of adequate lead time heading into a weekend period, and the increased transportation response activity to the East in Louisiana from Hurricane Gustav, resulted in elongated delivery distances and times to the Gulf Coast.

To further compound the situation, some orders for equipment were placed very late on Friday September 12, 2008. Ike made landfall at approximately 1:00 a.m. on Saturday September 13, 2008. This allowed a mere few hours on a Friday evening for coordination of the ordering and mobilization of equipment prior to landfall of the second regional storm in two weeks.

Having no timely or firm commitments for activation of Push Packages until Friday, September 12, Garner was not able to fully mobilize equipment into the region prior to Ike's landfall. This resulted in a somewhat more difficult time in procuring through the weekend the transportation assets necessary to bring equipment into the Hurricane Ike response theater.

The equipment ordered prior to Ike's landfall was delivered to the Garner Staging Area in the first 72 - 96 hours, which, in light of the circumstances and obstacles
