

TYLER COUNTY COMMISSIONERS COURT
REGULAR MEETING
May 17, 2013 ---- 8:30 a.m.

THE STATE OF TEXAS ON THIS THE 17th day of May, 2013 the
Commissioners' Court in and for Tyler County, Texas convened in a Regular Meeting at
the Commissioners' Courtroom in Woodville, Texas, the following members of the Court
present, to wit:

JACQUES L. BLANCHETTE	COUNTY JUDGE, Presiding
MARTIN NASH	COMMISSIONER, PCT. #1
RUSTY HUGHES	COMMISSIONER, PCT. #2
MIKE MARSHALL	COMMISSIONER, PCT. #3
JACK WALSTON	COMMISSIONER, PCT. #4
KATRINA WALSTON	DEPUTY COUNTY CLERK, EX OFFICIO

The following were absent: none thereby constituting a quorum. In addition to the
above were:

JACKIE SKINNER	COUNTY AUDITOR
BRYAN WEATHERFORD	SHERIFF
JOE SMITH	CRIMINAL DISTRICT ATTORNEY

Commissioner Nash delivered the invocation and led the Pledge of Allegiance to the
Texas Flag.

A motion was made by Commissioner Hughes and seconded by Commissioner Marshall
to approve the minutes of April 26th, 30th and May 13th. All voted yes and none no.

A motion was made by **Commissioner Nash** to approve paying the **county bills**, as
submitted by the County Auditor. **Commissioner Marshall** seconded the motion. All
voted yes and none no. SEE ATTACHED.

A motion was made by **Commissioner Walston** and seconded by **Commissioner
Marshall** to approve **line item transfers/budget amendments for Constable Pct. #4**.

A motion was made by **Commissioner Marshall** to amend the **holiday pay for the
sheriff's department**, as recommended by the County Auditor and Sheriff. The motion
was seconded by **Commissioner Walston**. The sheriff deputies, jailers and dispatchers
that work "four on/four off" will be paid upfront for holidays; therefore, if they work a
holiday they will not be paid again because they have already been compensated, so there
will not be double pay. All voted yes and none no. SEE ATTACHED

Commissioner Walston motioned to proclaim May 2013 as **Elder Abuse Awareness
Month**. **Commissioner Marshall** seconded the motion. All voted yes and none no. SEE
ATTACHED PROCLAMATION

Commissioner Nash motioned to declare May 2013 as **Motorcycle Safety and
Awareness Month**. The motion was seconded by **Commissioner Marshall**. All voted
yes and none no. SEE ATTACHED

Commissioner Walston motioned to approve the **Inter-local Cooperation Agreement
for jail services** with San Jacinto County. The motion was seconded by **Commissioner
Marshall**. All voted yes and none no. SEE ATTACHED

A motion was made by **Commissioner Marshall** to accept the findings and
recommendations of the Fair Housing Activity Statement Texas (FHAST). The motion
was seconded by **Commissioner Walston**. All voted yes and none no. SEE ATTACHED

Commissioner Marshall motioned to adopt the resolution approving the amended
FHAST Action Plan as part of the Tyler County Community Development Block Grant
Program. The motion was seconded by **Commissioner Walston**. All voted yes and none
no. SEE ATTACHED

No action was taken to sell **airport hanger #5**.

No action was taken to authorize the County Judge to be the signatory for the sale of the **airport hanger #5**.

David Waxman explained that the State has not completed their environmental review on a portion of the contracts for the disaster recovery project. The Moore Bros. bid cannot be accepted until after the environmental study has been completed. He recommended that the court not re-bid the road materials and amend the award based upon the contingency of the environmental release. **Commissioner Marshall** motioned to correct the contract award for the bids received for **GLO IKE 1 Disaster Recovery Project #6, road materials, DRS 010191/GLO #10-5127-000-5108**, to be contingent upon the environmental release. The motion was seconded by **Commissioner Nash**. All voted yes and none no.

A motion was made by **Commissioner Marshall** and seconded by **Commissioner Hughes** to reappoint Dr. Robert "Bob" Swearingen as the local health authority for the county. All voted yes and none no.

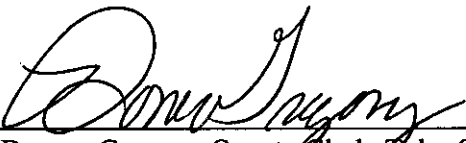

Executive Session was not held.

A motion was made by Commissioner Nash and seconded by Commissioner Marshall for the meeting to adjourn. All voted yes and none no.

THERE BEING NO FURTHER BUSINESS, THE MEETING ADJOURNED: 8:55 a.m.

I, Donece Gregory, County Clerk and ex officio member of the Tyler County Commissioners Court, do hereby certify to the fact that the above is a true and correct record of the Tyler County Commissioners Court session held on May 17, 2013.

Witness my hand and seal of office on this the 9th day of June, 2013.

Attest: 
Donece Gregory, County Clerk, Tyler County, Texas

Sheriff Bryan Weatherford

May 14, 2013

To: The Honorable Commissioner's Court

I am requesting that the holiday pay for the Sheriff Deputies, Jailers and Dispatchers be changed. They work four 12 hour days and are off four days. This means that they will either be working or on a regular day off when the holiday happens. I would like the number of holidays be given to their holiday bank each January. Then we will not have to be concerned with payment or time for holidays. If they work or are off on a holiday they already have the time on the books so nothing extra will have to be done. I would like the policy to read as follows:

168.00 hours of holiday time will be given to the Deputies, Jailers & Dispatchers who work the 4 on 4 off work schedule at the beginning of each calendar year. There will not be any extra or overtime pay for working the holiday because they will have been compensated with leave time in advance. Should an employee terminate employment he/she will not be paid for their holiday hours that have not occurred yet. The maximum amount of holiday pay that can be carried over from the previous year is 24 hours. Any Sheriff Department employees that work five 8 hour days or four 10 hour days are not eligible for the advance holiday time as they can take the holiday off as it occurs.

I would also request that it be made effective immediately so that I can work with the Auditor to get their holiday banks brought up current this year moving forward for holiday pay.

Respectfully Submitted,

2013 PROCLAMATION DECLARING MAY AS ELDER ABUSE PRESENTION AWARENESS MONTH

WHEREAS, People who are elderly or have disabilities have contributed to the general welfare of Tyler County by helping to preserve customs, convictions, and traditions of many people from diverse backgrounds, these residents are vital and integral members of our society and their wisdom and experience have enriched our lives; and

WHEREAS, Texas APS In-Home Caseworkers statewide have completed **87,487** investigations of which **59,595** cases of Abuse, Neglect and/or Exploitation were confirmed against our elderly Texans or those with disabilities in **2012**; and APS Facility Caseworkers statewide have completed **10,803** investigations of which **1,259** cases of Abuse, Neglect and/or Exploitation were confirmed against our elderly Texans or those with disabilities in 2012; and

WHEREAS, Abuse of the elderly and people with disabilities in domestic and institutional settings is a wide-spread problem, affecting hundreds of thousands of people across the country; and

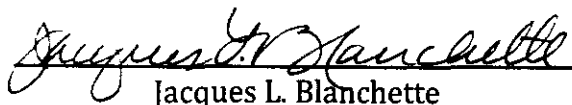

WHEREAS, Elder abuse is grossly underreported because the elderly who are being abused find it difficult to tell anyone and are usually ashamed and sometimes afraid; and

WHEREAS, Elder abuse happens to men and women of all income levels, all cultural and ethnic groups, whether they are in good health or incapacitated in some way, in poor neighborhoods and in suburbia; and

WHEREAS, Many of the cases investigated by Adult Protective Services in Texas involve self-neglect and it is our duty as citizens to reach out to people in need.

NOW, THEREFORE, the Commissioners Court of the County of Tyler, Texas, does hereby proclaim the month of May, 2013 to be Elder Abuse Prevention Month in Tyler County and urge all citizens to work together to help reduce abuse and neglect of people who are elderly or have

Motorcycle Safety and Awareness Month

WHEREAS, today's society is finding more citizens involved in motorcycling on the roads of our country; and

WHEREAS, motorcyclists are roughly unprotected and therefore more prone to injury or death in a crash than other vehicle drivers; and

WHEREAS, campaigns have helped inform riders and motorists alike on motorcycle safety issues to reduce motorcycle related risks, injuries, and, most of all, fatalities, through a comprehensive approach to motorcycle safety; and

WHEREAS, it is the responsibility of all who put themselves behind the wheel, to become aware of motorcyclists, regarding them with the same respect as any other vehicle traveling the highways of this country; and it is the responsibility of riders and motorists alike to obey all traffic laws and safety rules; and

WHEREAS, urging all citizens of our community to become aware of the inherent danger involved in operating a motorcycle, and for riders and motorists alike to give each other the mutual respect they deserve;

NOW, THEREFORE I, *Jacques L. Blanchette* Tyler County Judge do hereby proclaim the month of May, as **Motorcycle Safety and Awareness Month** in this county. Further, I urge all residents to do their part to increase safety and awareness in our community.

IN WITNESS WHEREOF, I have set my hand and caused the Seal of the County to be affixed this 13th day of May in the year 2013.

ARTICLE 1

TERM AND EFFECTIVE DATE

1.01.1 **TERM**: This Agreement shall be effective on the date the last party executes this document and shall be effective for one (1) year.

- 1.02 **RENEWAL:** This Agreement may be renewed annually by mutual agreement of the parties. In the event the parties seek to renew this Agreement at the end of any term, the per diem rate for detention services shall be negotiated by the parties. The terms, conditions and rates with regard to any renewal period shall be as mutually agreed between the parties and subject to the approval of the governing body of each party.
- 1.03 **TERMINATION:** This Agreement shall terminate on the one-year anniversary of any term, original or renewal. Additionally, this Agreement may be terminated without cause prior to the expiration of the term herein at the option of either Contractor or County upon the giving of sixty (60) days written notice to the other party in the manner and form provided for herein. The termination of the Agreement will be effective upon the last day of the month in which the expiration of the sixty (60) day period occurs.
- 1.04 This Agreement is also subject to termination upon the happening of an event that renders performance hereunder by the Contractor impracticable or impossible, such as severe damage or destruction of the Contractor's facility or actions by governmental or judicial entities which create a legal barrier to the acceptance of County's inmates.

ARTICLE II

DETENTION SERVICES

For the purpose and consideration herein stated and contemplated, Contractor shall provide the following necessary and appropriate services for County to the maximum extent authorized by this Agreement, without regard to race, religion, color, age, sex, and national origin; to wit:

- 2.01 **PURPOSE:** Contractor warrants that the services and the facilities provided for detention of inmates meets the requirements of the Texas Commission on Jail Standards and other applicable Texas State and Federal law as applicable to prison facilities.
- 2.02 **HOUSING AND CARE OF INMATES:** Contractor will confine inmates and give them reasonable and humane care and treatment, consistent with the Texas Commission on Jail Standards and other express provisions in this Agreement. Contractor will provide, as set forth herein, for their physical needs, make available programs, treatment and training consistent with their individual needs and requirements herein, retain them in safe custody, supervise them, maintain proper discipline and control, make certain they receive no privileges except those generally afforded other inmates and that the judgments and orders of the committing court and Board of Parole and Post Prison Supervision are faithfully executed.

- 2.03 **MEDICAL SERVICES**: The per-day rate under this Agreement covers only routine medical services such as on-site sick call (when provided by on-site staff) and non-prescription, over the counter /non-legend and routine drugs and medical supplies. The per-day rate does not cover medical/health/dental/psychological/psychiatric services provided outside of the Contractor's facility or by other than facility staff, prescription drugs and treatment, or surgical, optic, dental or mental health care and does not include the cost associated with the hospitalization of any inmate. The County shall reimburse Contractor the amount spent for such services, other than routine medical services included in the per-day rate.
- 2.04 **OFF-SITE SERVICES**: The County Sheriff or designee shall be informed of any inmates receiving emergency medical care, including but not limited to hospitalizations, that result in off-site services as soon as practicable after the service occurs (not more than 1 working day). Contractor will assist County to monitor utilization of off-site services by providing information about the course of an inmates care and treatment. County may elect to retake and return to County's physical custody of an inmate to manage costs and utilization of services.
- 2.05 Contractor has the authority to arrange for the off-site provider to bill County for the costs of hospitalization, medical care and other off-site treatment. In the event direct billing is not available, County shall reimburse Contractor in accordance with the terms of this Agreement.
- 2.06 **MEDICAL RECORDS**: County agrees to provide Contractor with a copy of each inmates medical, dental and mental health records for the purposes of continuity of care. Contractor agrees to maintain a confidential record of the health care of each inmate. A copy of each inmate's record shall be returned to County at the time each inmate is returned.
- 2.07 **MEDICAL INVOICES**: County will reimburse Contractor monthly for health care services and associated expenses for which County is responsible under this section. Contractor shall provide County with invoices for such costs and agrees not to add additional administrative charges for reimbursed costs.
- 2.08 **INMATE MEDICAL REPORT**: Upon request from County, Contractor will provide an inmate report of health care provided.
- 2.09 **FACILITY INSPECTION**: Contractor agrees to allow periodic inspections of the facilities by County law enforcement personnel. The reports of state or federal inspections of the facilities will be provided to County upon request.

- 2.10 TRANSPORTATION AND OFF-SITE SECURITY: County is solely responsible for the transportation of inmates between the County Jail and Contractor facility. Contractor agrees to provide ambulance and other transportation for inmates to and from local off-site medical facilities and will invoice County in accordance with Section 2.07 above.
- 2.11 COURT APPEARANCES: County shall be responsible for the transportation of County inmates to and from County Jail. County will be responsible for the transportation of inmates for all court proceedings and hearings and during court appearances.
- 2.12 TRANSPORTATION TO TDCJ: County shall be responsible for the transportation of County inmates to the Texas Department of Criminal Justice, Institutional Division unless County has contracted with Contractor to provide inmate transport as part of the services covered by the per day rate for short term housed inmates who have received a pen packet and are awaiting transport to TDJC-ID.
- 2.13 GUARD SERVICES: Contractor will provide guard services as requested or required by the circumstances or the law for inmates admitted or committed to an off-site medical facility at the rate of \$15.00 per hour/per guard.
- 2.14 SPECIAL PROGRAMS: The per day rate set out in the Agreement covers basic custodial care and supervision and does not include special educational, vocational or other programs provided to inmates in Contractor's facilities. The parties may contract by written agreement for the provision of special programs.
- 2.15 LOCATION AND OPERATION OF FACILITY: Contractor shall provide the detention services described herein at the San Jacinto County Jail, Coldspring, Texas.
- 2.16 ADMITTING AND RELEASING: Contractor shall be responsible for the admitting and releasing of inmates placed in Contractor's facility. Contractor will maintain records of all such transactions in a manner agreed upon by County and Contractor and provide such records to County upon request.
- 2.17 RETURN OF INMATES TO COUNTY: Upon demand by County, Contractor will relinquish to County physical custody of any inmate. Upon request by Contractor, County will resume custody of any inmate so requested within 10 calendar days, or unless a different time is agreed upon by both parties.

ARTICLE III

FINANCIAL PROVISIONS

- 3.01 **PER DIEM RATE:** The per diem rate for detention services under this Agreement is (\$25.00) per man-day (and (\$30.00) per man-day for inmates who will be housed short term while awaiting transport to the Texas Department of Criminal Justice, Institution Division, after receiving a pen packet). This rate covers one inmate per day. A portion of any day will count as one man-day under this Agreement, except that County may not be billed for two calendar days when an inmate is admitted after 7:00 p.m. and removed prior to 10:30 a.m. the following day. In that event, Contractor will bill for the day of arrival, but not for the day of departure.
- 3.02 **BILLING PROCEDURE:** Contractor shall submit an itemized invoice for the services provided each month to County. Such invoices will include a list of each inmate housed and the number of calendar days per inmate. Invoices will be submitted to the officer designated to receive the same on behalf of County. County will make payment to Contractor within thirty (30) calendar days after receipt of the invoice. Payment will be in the name of San Jacinto County, Texas and will be remitted to:

San Jacinto County Auditor
111 State Hwy. 150, Room C3
Coldspring, Texas 77331

Amounts which are not timely paid in accordance with the above procedure will bear interest at the lesser of the annual percentage rate of ten percent (10%) per annum, or the maximum legal rate applicable thereto, which will be a contractual obligation of County under this Agreement. County further agrees that Contractor will be entitled to recover its reasonable and necessary attorney's fees and costs incurred in collection of amounts due under this Agreement.

ARTICLE IV

ACCEPTANCE OF INMATES

- 4.01 **COMPLIANCE WITH LAW:** Nothing herein will create any obligation upon Contractor to house County inmates where the housing of said inmates will, in the opinion of Contractor's Sheriff, raise the population of the facility above the permissible number of inmates allowed by law, or will, in the Sheriff's opinion, create a condition of overcrowding or create conditions which endanger the life and/or welfare of personnel and inmates at the facility, or result in possible violation of the constitutional rights of inmates housed at the facility. At any time that Contractor's Sheriff determines that

a condition exists at Contractor's facility necessitating the removal of County inmates, or any specified number thereof, County shall, upon notice by Contractor's Sheriff to County Sheriff, immediately remove said inmates from the facility. County will make every effort to remove any inmate within eight (8) hours of notice from Contractor.

- 4.02 ELIGIBILITY FOR INCARCERATION AT THE FACILITY: The only inmates of County eligible for incarceration at the facility under this Agreement are **NON-HIGH RISK** inmates eligible for incarceration in the facility in accordance with the state standards under both the Jail Commission approved custody assessment system in place at the County Jail and pursuant to the custody assessment system in place at Contractor's facility.
- 4.03 All inmates proposed by County to be transferred to Contractor's facility under this Agreement must meet the eligibility requirements set forth above. Contractor reserves the right to review the inmates' classification/eligibility, and the right to refuse to accept any inmate that it does not believe to be properly classified as a non-high risk inmate. Furthermore, if an inmate's classification changes while incarcerated at Contractor's facility, Contractor reserves the right to demand that County remove that inmate and replace said inmate with an appropriate inmate of County.
- 4.04 RESERVATION WITH REGARD TO ACCEPTANCE OR CONTINUED INCARCERATION OF INDIVIDUAL INMATES: Contractor reserves the right for its Sheriff or his designee to review the background of all inmates sought to be transferred to Contractor facility, and County shall cooperate with and provide information requested regarding any inmate by Contractor's Sheriff. Contractor reserves the right to refuse acceptance of any inmate of County. Likewise, if any inmates behavior, medical or psychological condition, or other circumstance of reasonable concern to Contractor's Sheriff makes the inmate unacceptable for continued incarceration in Contractor's facility in the opinion of Contractor's Sheriff, County will be requested to remove said inmate from Contractor's facility, and will do so within eight (8) hours upon the request of Contractor's facility when their classification changes for any purpose, including long-term medical segregation.
- 4.05 INMATE SENTENCES: Contractor will not be in charge or responsible for the computation or processing on inmates' time of confinement, including but not limited to, computation of good time awards/credits and discharge dates. Contractor will provide information that may be required regarding the inmate's behavior and performance; however, all such computations and record keeping will continue to be the responsibility of County. It will be the responsibility of County to notify Contractor of any discharge date

for an inmate at least ten (10) calendar days before such date. Contractor will release inmates of County only when such release is specifically requested in writing by County Sheriff. However, it is agreed that the preferred and usual course of dealing between the parties shall be for Contractor to return inmates to the County Jail shortly before the discharge date and for County to discharge the inmate from the County Jail. County accepts all responsibility for the calculations and determinations set forth above and for giving Contractor notice of the same, and to the extent allowed by law, shall indemnify and hold harmless Contractor from all liability or expenses of any kind arising therefrom. County is responsible for all paperwork and arrangements for inmates to be transferred to the Texas Department of Criminal Justice, Institutional Division.

ARTICLE V

MISCELLANEOUS

5.01 **BINDING NATURE OF AGREEMENT:** This Agreement is contractual and is binding upon the parties hereto and their successors, assigns and representatives.

5.02 **NOTICES:** All notices, demands, or other writings may be delivered by either party hereto to the other by United States Mail or other reliable courier at the following address:

To Contractor:

**San Jacinto County Auditor
111 State Hwy 150, Room C3
Coldspring, TX 77331**

To County:

_____ **County Auditor**

Copy To:

**David E. Clark,
San Jacinto County Sheriff
75 W. Cedar Avenue
Coldspring, TX 77331**

The address to which any notice, demand, or other writing may be delivered to any party as above provided may be changed by written notice given by such party as above provided

- 5.03 **AMENDMENTS**: This Agreement will not be modified or amended except by a written instrument executed by the duly authorized representatives of both parties and approved by the Commissioners Courts of the respective parties hereto.
- 5.04 **PRIOR AGREEMENTS**: This Agreement contains all of the agreements and undertakings, either oral or written, of the parties with respect to any matter mentioned herein. No prior agreement or understanding pertaining to any such matter shall be effective.
- 5.05 **REPRESENTATION**: Contractor understands and agrees that San Jacinto County, its employees, servants, agents, and representatives shall at no time represent themselves to be employees, servants, agents, and/or representatives of Polk County.
- 5.06 **INDEPENDENT CONTRACTOR RELATIONSHIP**: Nothing herein contained shall be construed as creating the relationship of employer and employee between parties.
- 5.07 **SEVERABILITY**: If any provision of this agreement is found by a court of competent jurisdiction to be illegal, invalid, or unenforceable, the remainder of this Agreement will not be affected, and in lieu of each provision which is found to be illegal, invalid, or unenforceable there will be added as part of this Agreement a provision as similar to such illegal, invalid, or unenforceable provision as may be possible and be legal, valid, and enforceable.
- 5.08 **LIABILITY**: This Agreement is made for the express purpose of providing detention services, which both parties recognize to be a governmental function. Except as hereinafter provided neither party assumes any liability beyond that provided by law. This Agreement is not intended to create any cause of action for the benefit of third parties.
- 5.09 **CHOICE OF LAW AND VENUE**: Any legal proceeding against County regarding this agreement shall be brought in the State of Texas, San Jacinto County. Any legal proceeding against Contractor regarding this Agreement shall be brought in the State of Texas, San Jacinto County, in the administrative or judicial forum with appropriate jurisdiction.
- 5.10 **APPROVALS**: This Agreement must be approved by the governing bodies of all parties in accordance with the Texas Interlocal Cooperation Act.
- 5.11 **FUNDING SOURCE**: County must pay all amounts due under this Agreement from current revenues available to it in accordance with the Interlocal Cooperation Act. The signature of the County Auditor below

certifies that there are sufficient funds from current revenues available to County to meet its obligations under this Agreement.

County Auditor

At the Semi-Annual meeting of the FFAST Form Work Group the following areas of concern were addressed:

- Impediment #3: *The public is not sufficiently aware of their Fair Housing rights and how to obtain the assistance necessary to protect those rights.*

- 1) In order to assure compliance with this impediment, it was decided that the committee would place Fair Housing flyers at the customer service booths of the Brookshire Brothers and Wal-Mart stores.
- 2) Distribute Fair Housing flyers through the schools in Tyler County, targeting a particular age group the first year, then increasing the target group each year until all grades, K-6 receives this information yearly.
- 3) Place Fair Housing flyers in the Chamber of Commerce and Real Estate offices throughout Tyler County.

We will begin this process with items #1 and #3 in July, 2013. When the new school year begins in August, 2013, we will begin complying with item #2.

- Impediment #5: *Certain governmental policies and practices may not meet current HUD policy concerning affirmative furthering fair housing. Jurisdictions should act to ensure that their policies and procedures affirmative further fair housing, address mal-distribution of resources, and that they do not unnecessarily impact housing choice.*

- 3) *It would be beneficial for local elected officials to require senior staff of any sub recipient such as a city or county -- including managers and attorneys—to receive available Fair Housing training within the first 12 months of their employment or engagement.*

At this time Tyler County does not have a policy addressing the training of staff members that would be involved with FFAST Form activities, but would gladly develop one with assistance from the State of Texas and/or HUD. We are therefore asking for a sample policy that we could adapt to fit Tyler County's needs and an extension of this timeline. We would also ask for a training schedule so plans could be made to have the identified employees in attendance.

- Impediment #6: *Government entities at all levels do not appear to have been Proactive in the enforcement of both the Fair Housing Act and the obligation to Affirmatively further fair housing. The State and sub recipients should implement A robust and effective structure for identifying and pursuing suspected violations.*

- 1) *Given the potential for increase in Fair Housing enforcement action by federal and state agencies and private organizations, an ongoing fair housing testing program for areas that receive federal housing and community development*

funds could be beneficial to protect state agencies and sub-recipients from potential repayment. Fair housing enforcement is a valid use of CDBG funding and can be used to establish testing programs by agencies trained in HUD testing procedures. The state, or local jurisdictions combining together, should consider conducting tests in areas that include the following: steering in sales and rental; the denial of and different terms and conditions based on race, national origin, familial status, and disability in sales and rental; predatory and disparate terms and conditions in lending and insurance; foreclosure modification schemes targeting minority neighborhoods. The state should also consider education to applicable entities on self-testing and self-correction.

We do not currently have a testing program for Fair Housing violations but plan to establish one with assistance from the State of Texas and/or HUD. We would ask for an extension to the implementation of this impediment which is scheduled to begin in 2013.

- *Impediment #9: There are impediments in public and private actions and private attitudes to housing choice for persons with disabilities.*

3) Local jurisdictions should consider coordinating with the legislatively created Housing and Health Service Coordination Council for best practices on working with supportive services.

We agree to coordinate with the legislative created Housing and Health Services Coordination Council staffed by TDHCA for best practices on working with supportive Services, working through our DETCOG association to insure compliance with this impediment, and therefore ask for an extension until 2015.

- *Impediment #13: Location and lack of housing accessibility and visitability standards within political jurisdictions limits fair housing choice for persons with disabilities.*

3) TDHCA should require that all federally funded housing construction be built to accessibility standards found in Texas Government Code S2306.514. We have formally considered: 1) establishing incentives for affordable housing developers to create an increased set-aside of housing units for persons with disabilities or persons who are elderly without violating the existing TDHCA Integrated Housing Rule; 2) providing point incentives for unit in proximity to medical facilities for competitive programs using federal funds, and 3) requiring new housing build with federal funds to be built with structures that allow for features, as called for by state law.

We have not undertaken this review, but plan to do so with guidelines provided

provided by the State of Texas and/or HUD. We therefore ask for an extension for the compliance of this impediment until 2015 and request guidelines that would help us perform the review.

Impediment #16: Many jurisdictions do not have adequate Analysis of impediments to Fair Housing or Fair Housing Plans, and do not keep sufficient records of their activities.

1) Recipients of CDBG fund from HUD for housing should maintain records as required by the Fair Housing Act. HUD regulations and the Conciliation Agreement in order to document that they are carrying out their commitments and affirmatively furthering fair housing.

We have not done so but do so in compliance with GLO guidance and therefore ask for guidelines from the State of Texas and/or HUD to insure compliance with this impediment. We also ask for an extension until 2015 to make sure that we have the required records to document our AFFH actions and compliance with Fair Housing Laws.

- *Alternative or additional Local Action Steps developed by this jurisdiction: To address unique impediments to fair housing within each community, local jurisdictions are encouraged to develop alternative action steps to be adopted in lieu of or in addition to those set out in the State of Texas Interim Analysis of impediments to fair housing. If Your jurisdiction elects to propose alternative or additional action steps, please describe them below.*

We will not take addition FH Action Steps at this time. With guidelines from the State of Texas and/or HUD we will try to accomplish this by 2015.

Fair Housing Activity Statement – Texas

Recognizing that each jurisdiction is unique, this Fair Housing Activity Statement - Texas is intended to be used in conjunction with the Analysis of Impediments, Phase I as a form to help the applying jurisdictions perform assessments of their impediments to fair housing choice, plan actions to address identified impediments, and communicate their plans to the State of Texas and HUD.

BEFORE beginning to fill out this form, each jurisdiction should:

- (1) Participate in the regional FFAST Form training.
- (2) Review the 2010 Texas Interim Phase I AI in detail;
- (3) Gather relevant information (see instructions in Appendix A);
- (4) Convene a FFAST Working Group to assess the data collected in #2 and fill out the FFAST form (see instructions in Appendix A.)

<u>Impediment #1</u>	Protected classes may experience disparities in home mortgage lending and high cost loans.
-----------------------------	--

No local action is required at this time.

<u>Impediment #2</u>	There is inadequate information available to the real estate community, governments and the public about fair housing requirements and enforcement procedures.
-----------------------------	--

No local action is required at this time.

<u>Impediment #3</u>	The public is not sufficiently aware of their Fair Housing rights and how to obtain the assistance necessary to protect those rights.
-----------------------------	---

1. Consistent with the Fair Housing Act, the State of Texas, and funded sub-recipients should continue to promote and conduct events to celebrate April as Fair Housing Month, and direct sub-recipients to do the same. These events can demonstrate support for fair housing and build awareness.
 - We will commit to undertake Fair Housing Month activities. (Check all that apply.)
 - Passage of a resolution by our governing body.
 - Activities in schools.
 - Placing posters in public buildings.
 - Governing body will hold a special hearing to solicit input from the community.
 - Other. (2010 Demographic Data Set with Poverty Place Data) [Attachment 1]

When will you undertake these activities? 2011 2012 2013

Not Applicable (Explain)

2. Consistent with the Fair Housing Act, the State of Texas and funded sub-recipients have historically conducted fair housing activities at various times of the year and should continue to fund, depending on sufficient appropriations, or collaborate with public and private agencies, organizations and groups to plan and conduct fair housing activities.

- We will conduct/sponsor/fund in fair housing activities at various times of the year other than "April as Fair Housing Month".

When will you do this? 2011 2012 2013

Not Applicable (Explain)

Impediment #4 "Not in my Backyard" (NIMBY) may be an impediment to fair housing in Texas communities.
--

1. NIMBY opposition needs to be anticipated and planning and outreach should occur on the front end of projects. To mitigate defensive and reactive responses, planning should include strategies for education, outreach and marketing that provide accurate information and promote the positive aspects and benefits of affordable housing to build support among community residents.^[1]
 2. The Department of Housing and Urban Development (HUD) provides extensive information about Fair Housing and examples at www.hud.gov. Generally communities should consider:
 - Working with local officials, editorial boards, religious and civic organizations and other community leaders to initiate education programs.
 - Seeking opportunities to present information to community organizations by requesting to be placed on their meeting agendas.
 - Including a visit to the Group Home residence as part of an education program.
 - Answering all questions.
 - Talking with local neighborhood leaders, including elected representatives, and setting up a neighborhood meeting.
 - Setting up a liaison committee consisting of advocates, group residents, and neighborhood residents to discuss issues.
 - Identifying areas that meet AFFH targets where the community supports development, has worked with community groups and potentially uses funds to assist the development of multi-family affordable housing.
- We have developed an anti-NIMBYism action plan. [Attachment 2 – County of Tyler AFFH Policy, Section II]

- We will develop an anti-NIMBYism action plan. [Designate who will be responsible for developing this plan.]
When will you do this? 2011 2012 2013
- Not Applicable (Explain)

Impediment #5

Certain governmental policies and practices may not meet current HUD policy concerning affirmatively furthering fair housing. Jurisdictions should act to ensure that their policies and procedures affirmatively further fair housing, address mal-distribution of resources, and that they do not unnecessarily impact housing choice.

1. As part of certifying that a community is affirmatively furthering fair housing, jurisdictions that have long-term infrastructure plans should review them to determine if the plan promotes racial concentrations or otherwise inadvertently results in disparate treatment of members of protected classes. While not intended to direct a community to hire a consultant, it is anticipated that a community will review its long-term infrastructure plans as part of this recommended action. In reviewing the project list (Appendix F of the Phase 1 AI) there are many projects that are listed as being of community-wide benefit. The records do not indicate the actual location of projects or provide adequate discussion of how the projects benefit the entire community.

- We have a long-term infrastructure plan and will review the plan to determine if it promotes racial concentrations or otherwise inadvertently results in disparate treatment of members of protected classes as it relates to the availability of housing. (The county has hired a consulting firm to review and update its Hazard Mitigation Plan which will include determining that it is AFFH compliant. The county has reviewed its subdivision guidelines and found that it does not promote racial concentration or otherwise inadvertently results in disparate treatment of members of protected classes as it relates to the availability of housing.)

When will you do this? 2011

- Not Applicable (Explain)
- We have already collected information on the locations of protected populations and have adequate information for insuring that new projects with "citywide benefits" will not perpetuate illegal differences in treatment.
- We will use the information in the AI to ensure that proposed projects do not perpetuate illegal differences in treatment.

When will you do this? 2011

- Not Applicable (Explain)

2. As it has been determined under federal law that Fair Housing applies to all federal housing and community development funds, to reduce "siloing" the fair housing component into only housing-related programs, fair housing should be considered in all activities for all local community planning staff.

- We have determined that consideration of Fair Housing implications has already been incorporated into all aspects of planning in this jurisdiction. [Examples: Attachment 3]
- We will review and insure that Fair Housing implications are addressed in all aspects of planning in this jurisdiction in a manner consistent with the guidelines provided by the state at the FFAST form training and maintain documentation of that review.

When will you do this? 2011 2012 2013

Not Applicable (Explain)

3. It would be beneficial for local elected officials to require senior staff of any subrecipient such as a city or county—including managers and attorneys—to receive available Fair Housing training within the first 12 months of their employment or engagement.

- We have a policy in place providing for all senior staff – including managers and attorneys – to receive Fair Housing training within their first 12 months on the job, and for long-term senior staff to receive regular updated training. [Attach policy]
- We do not have such a policy and will develop and implement one.

When will you do this? 2011 2012 2013

- Not Applicable (Since it will place excessive financial burden upon the county to require all senior staff – chief deputies and attorneys – to receive Fair Housing training within their first twelve months on the job and for long-term senior staff to receive regular updated training, the county will maintain a designated Office/Staff Position for the purpose of AFFH oversight. This position will be required to receive training and updated training.) [Attachment 2 - County of Tyler AFFH Policy, Section III]

4. As part of what is usually a common initial training by the associations that provide education opportunities for newly-appointed board members or newly-elected council or commissioners court members of cities and counties, the state should request that training include specific information on the Fair Housing Act—with a discussion of affirmatively furthering fair housing obligations.

No local action is required at this time.

5. Local communities should consider limiting the concentration of infrastructure improvements like wastewater treatment, solid waste disposal, or similar necessary but not desirable infrastructure projects in residential areas where there are concentrations of protected classes.

- We have an official policy that limits the concentration of certain infrastructure improvements. [Attach a copy.]

- We have official policies and procedures that take the location of protected classes into account when deciding where to locate undesirable infrastructure improvements. [Attachment 2 – County of Tyler AFFH Policy, Section III]
- We do NOT have limits on the concentration of undesirable infrastructure improvements or policies and procedures that take the residential location of members of protected classes into account, but will develop formal limits or official policies and procedures.

When will you do this? 2011 2012 2013

Not Applicable (Explain)

6. Communities electing to provide publicly financed housing incentives should be requested to call for recipients to engage in affirmative marketing.

- We have a policy requiring Affirmative Marketing Plans from developers seeking tax abatements or other supports for new housing.
- We do not have such a policy and will develop and implement one.

When will you do this? 2011

- Not Applicable (Tyler County does not have a policy allowing consideration for tax abatements for housing developers.)

7. If a jurisdiction is a non-entitlement community, when working in LMI areas to replace roads or other infrastructure, the jurisdiction should consider making application for additional sources of funding to provide assistance to repair substandard housing associated with the project (i.e., TDHCA or HUD.)

- We formally consider accessing supplementary funds when infrastructure proposals are developed. [Attachment 2 – County of Tyler AFFH Policy, Section III]
- We have not consistently done this in the past and we will develop a process to formally consider making housing funding applications when funds for infrastructure projects are sought.

When will you do this? 2011 2012 2013

Not Applicable (Explain)

8. Most infrastructure projects take into account items like curb cuts, sidewalks, hearing and visually impaired indicators at intersections. When approving non-federally funded projects, similar special needs construction should be required for infrastructure improvements. Projects should also address other legacy discrimination issues, such as accessibility in public areas like courthouses, community centers and other high traffic areas.

- We currently require that applications for non-federally-funded infrastructure projects are ADA compliant and address other legacy discrimination issues.
- We do not have such a requirement. We will develop one.

When will you do this? 2011

- Not Applicable (Explain)

9. Each jurisdiction applying for Community Development-Block Grant funds or other federal housing and community development funds should submit a Fair Housing Activities Statement – Texas (FHAST) with their application, reviewing their infrastructure needs and housing needs and how the proposed activity promotes fair housing or results in more equitable treatment of protected classes. Projects with community-wide benefits should be accompanied by explicit commitments on the part of the local jurisdictions to undertake additional activities to affirmatively further fair housing along with a monitoring and reporting process.

- We submit a FHAST form.

When will you begin to do this? 2011

- Not Applicable (Explain)

10. As part of the non-housing disaster recovery program, jurisdictions should consider low-income areas and areas populated principally by members of protected classes to determine the potential for flooding and consider making infrastructure expenditures to help protect the impacted communities—including colonias.

- We have reviewed LMI areas and areas populated principally by members of protected classes, and prioritized infrastructure expenditures to help protect the impacted communities—including colonias.
- We have not done this in the past but will conduct such a review and consider these infrastructure projects in the future.

When will you do this? 2011

- Not Applicable (Explain)

11. If applicable, all policies should be reviewed regarding denying applicants' access to disaster recovery CDBG funds if their residence is located in the flood plain. If the policy does not allow participation by restricting building in flood plains, then the policy should be assessed to see if alternative housing programs could be implemented for the residents. Local jurisdictions should analyze the results and see if protected classes are more frequently harmed by flood plain restrictions. This action does not apply to the GLO CDBG Disaster Relief Fund that limits property purchase "unless TXCDBG receives satisfactory evidence that the property to be purchased was not constructed or purchased by the current owner after the property site location was officially mapped and included in a designated flood plain."

- We have completed this review and analysis and will take action on our findings.
- We have not completed this review and analysis. We will do so and take appropriate actions based on our findings for Round 2 programs.

When will you do this? 2011

- Not Applicable (County acts in compliance of its FEMA approved Flood Plain Ordinance and "Action Plan") [Attachments 4 and 5]

12. When an entire community is in a flood plain, the community should establish clear standards that allow for proper elevation or relocation, and that also allows for visitability/special needs considerations consistent with state^[3] and federal law.

- We have established clear standards that allow for proper elevation of homes or for relocation, and also allow for visitability/special needs considerations consistent with state and federal law.
- We have not developed these standards but will do so for Round 2 programs.

When will you do this? 2011

- Not Applicable (The county does not have entire communities in the flood plain.)

13. Local jurisdictions that accommodated the relocation of disaster survivors resulting in concentrations of protected class survivors in specific areas should establish Moving to Opportunity Programs and include renters in their Moving to Opportunity Programs as defined under Round 2.

- This action step applies to our jurisdiction. We will establish a Moving to Opportunity Program for disaster survivors as part of our Round 2 housing recovery program.

When will you do this? 2011

- Not Applicable (Tyler County did not accommodate the relocation of disaster survivors.)

14. Consistent with the process established in the Conciliation Agreement, local jurisdictions and state agencies should work together to determine a demographic and economic profile of victims of the natural disaster and establish goals for assisting these populations in no less that the proportions they were impacted by the disaster. These goals should be performance goals and disaster recovery funds should be extended incrementally in a manner to ensure that these populations are equitably assisted with benefits.

- We will cooperate with state agencies to carry out this action step.

Consistent with the Conciliation Agreement, family and elderly public housing units damaged or destroyed by the disaster should be reconstructed or repaired in a manner that affirmatively furthers fair housing utilizing disaster recovery funds within 24 months of approval of the initial application for disaster recovery assistance for the local jurisdiction. .

We affirm that family and elderly public housing units damaged or destroyed by the disaster will be reconstructed or repaired in a manner that affirmatively furthers fair housing utilizing disaster recovery funds within 24 months of submission of the initial application for disaster recovery assistance by the local jurisdiction.

Not Applicable (Tyler County did not have public housing units damaged or destroyed by the disaster.)

Impediment #6

Governmental entities at all levels do not appear to have been proactive in the enforcement of both the Fair Housing Act and the obligation to affirmatively further fair housing. The State and subrecipients should implement a robust and effective structure for identifying and pursuing suspected violations.

1. Given the potential for increase in Fair Housing enforcement action by federal and state agencies and private organizations, an ongoing fair housing testing program for areas that receive federal housing and community development funds could be beneficial to protect state agencies and sub-recipients from potential repayment. Fair housing enforcement is a valid use of CDBG funding and can be used to establish testing programs by agencies trained in HUD testing procedures. The state, or local jurisdictions combining together, should consider conducting tests in areas that include the following: steering in sales and rental; the denial of and different terms and conditions based on race, national origin, familial status, and disability in sales and rental; predatory and disparate terms and conditions in lending and insurance; and

foreclosure modification schemes targeting minority neighborhoods. The state should also consider education to applicable entities on self-testing and self-correction.

- We currently have a testing program for Fair Housing violations. For more information.
- We do not have a testing program for Fair Housing violations and plan to establish one.

When will you do this? 2011 2012 2013

- Not Applicable (The county recognizes the value of a testing program but establishing one would create an excessive financial burden. A regional program through the COGs could be a viable alternative.)

2. TDHCA should, as a pilot program, allocate funds to independent third parties or a combined jurisdiction team identified in point 1 of this section to provide similar testing to determine if additional enforcement is necessary.

No local action is required at this time.

3. Impacted agencies that provide certification that they are affirmatively furthering fair housing as required by federal law, should consider publishing a public document on enforcement that provides the public and communities with a clear description (and chart) of the state and Federal Fair Housing Act.

- On documents concerning housing and community development programs that are provided to the public, we will list fair housing enforcement contacts and procedures consistent with the State suggested language when it is provided in 2011.

When will you do this? 2011

- Not Applicable (Explain)

4. Each community should place on its website (if one is available) the contact, at the local, state, and federal levels, for reporting a Fair Housing complaint, if citizens believe they were victims of housing discrimination.

- We have published the contact information – at the local, state and federal levels – for reporting a Fair Housing complaint. [Attachment 6]

- We have not done so but will do so.

When will you do this? 2011

- Not Applicable (Explain)

5. Each local jurisdiction should publish on its website a clear statement, approved jointly by TDHCA, expressing the jurisdiction's obligation to affirmatively further fair housing and providing a method for reporting suspected noncompliance to the state and to

HUD. The jurisdiction's contact person should be able to refer to clear local Fair Housing procedures for the complaint process, keep logs and records of all inquiries, allegations, complaints and referrals. These reports should be sent to the appropriate funding agency. Where these reports show that a jurisdiction has administered programs inconsistently with the AI and had the effect of discouraging applications from members of protected classes who are deemed eligible under the plan for assistance, affirmative marketing plans should be developed and submitted to the appropriate agency.

- We have published a policy statement expressing our jurisdiction's obligation to Affirmatively Further Fair Housing. [Attach a copy or URL.]
- We will publish a policy statement consistent with the language the State provides in 2011.

Impediment #7

Many local jurisdictions have zoning codes, land use controls, and administrative practices that may impede fair housing choice and fail to affirmatively further fair housing.

1. The law anticipates that ordinances creating disparate impact should also be reviewed for change. If a disparate impact is determined to exist by the local jurisdiction, it could repeal or amend the restriction, use public funds to offset the cost through homebuyer assistance programs, or waive fees or other offsets to make the home more affordable.

- We recently conducted or updated a Fair Housing Review of our ordinances and codes.
- We have not done so but will conduct a review
- We have a policy statement/guidance for those responsible for developing codes/ordinances that reminds them to consider and document the Fair Housing/AFFH implications of any new rule.
- We do not have such a policy/guidance but will develop one when suggested guidelines are provided by the State in 2011.

When will you do this? 2011

- Not Applicable (With the exception of FEMA approved Flood Plain Zone requirements, Tyler County does not have county specific zoning codes, land use controls, or administrative practices. In each of these areas, the county requires only that individuals, organizations, and businesses act in accordance with State requirements and practices.)

2. To help limit concentrations that could be considered impediments to affirmatively furthering fair housing, jurisdictions that have long term planning documents for housing growth or redevelopment, or revitalization plans, should consider allowing or encouraging mixed income affordable housing in the plan and provide incentives for development of this type of housing in areas that are not concentrated.

- We recently conducted a Fair Housing Review and took/are taking appropriate action concerning our planning documents. [Attach a list of plans reviewed, a summary of findings, and actions you will take to remove impediments]
- We have not done so but will conduct a Fair Housing Review after the State provides suggested guidelines in 2011.

When will you do this? 2011

- Not Applicable (Tyler County does not currently have long term planning documents for housing growth or development, or revitalization plans. However according to the county's Affirmatively Further Fair Housing Policy Section V, should the county develop a long term plan it will consider allowing or encouraging mixed

income affordable housing in the plan and provide incentives for development of this type of housing in areas that are not concentrated.)

- We have identified residential areas that show concentrations or underrepresentation of protected groups, and we encourage mixed-income affordable housing and other strategies to widen housing choice throughout our jurisdiction.
- We have not done so but will include this in our FFAST plan once guidelines are provided by the State in 2011.

When will you do this? 2011 2012 2013

Not Applicable (Explain)

3. Local jurisdictions seeking CDBG Disaster Recovery funds from the state should consider offering expedited permitting and review processes for affordable housing projects within high opportunity target zones.

- We currently offer incentives to developers to locate affordable housing projects in high opportunity neighborhoods and prevent overconcentration.
- We have not done so but will.

When will you do this? 2011 2012 2013

- Not Applicable (With the exception of FEMA approved and required Flood Plain permits, the county does not require county specific permits. The county requires only that permits and inspections required by the State are obtained according to the guidelines of the State.)

Impediment #8

Inadequate planning for re-housing after an emergency situation creates a situation where persons who are uninsured or under-insured, low income, or special needs can be displaced for long periods of time.

1. Some legislators, the Sunset Commission, and communities acknowledge that while temporary disaster housing is a federal program, Texas should continue to provide guidance to local governments on additional planning that needs to be done as part of the emergency preparedness planning to most efficiently work with FEMA.

No local action is required at this time.

2. As much of what FEMA has previously offered is travel trailers or manufactured housing, local governments should review their zoning requirements or other land use provisions that restrict temporary housing or housing on an existing lot during the building process and look at potential waivers that do not risk or negatively impact health, safety, and welfare during a period after disasters so that low income persons can move back to their existing communities with temporary housing while waiting for redevelopment.

- We have reviewed our zoning requirements and other land use provisions and have provided waivers or other accommodations for post-disaster housing.
- We have not done so but will review our zoning and look at potential waivers.

When will you do this? 2011 2012 2013

- Not Applicable (Except for any requirements in the FEMA approved Flood Plain Plan the county does not restrict temporary housing.)

Impediment #9 There are impediments in public and private actions and private attitudes to housing choice for persons with disabilities.

1. To meet federal Fair Housing requirements for zoning and neighborhood uses, jurisdictions should look to determine if there are direct or indirect limitations in codes that would prevent facilities or personal residences from providing assistance or communities of choice or service-enriched environments that directly impact special needs persons.
2. Local jurisdictions should work to ensure that zoning or code requirements do not unnecessarily impose stricter commercial building requirements, such as emergency access or protection services, on group homes, thereby dramatically increasing housing costs for persons with special needs.

- We have reviewed our codes and ordinances and have addressed/are addressing any impediments relating to special needs persons, including (1) rules that might prevent facilities or personal residences from providing assistance or communities of choice or service-enriched environments that directly impact special needs persons, and (2) rules that might unfairly increase the costs to special needs persons.
- We have not done so but will conduct a review and address any impediments identified once guidelines are provided by the State in 2011.

When will you do this? 2011

- Not Applicable (With the exception of the FEMA approved Flood Plain Ordinance, Tyler County does not have county specific codes or ordinances relative to building or construction. The county only requires that State Codes are adhered to.)
3. Local jurisdictions should consider coordinating with the legislatively created Housing and Health Services Coordination Council for best practices on working with supportive services.
 - We agree to coordinate with the legislatively created Housing and Health Services Coordination Council staffed by TDHCA for best practices on working with supportive services.

When will you do this? 2011 2012 2013

Not Applicable (Explain)

<u>Impediment #10</u>	There are barriers to mobility and free housing choice for Housing Choice Voucher holders including: inadequate tenant counseling services and mobility assistance, failure of PHAs to apply for the FMR pilot demonstration funds, and government policies, procedures, and regulations that tend to decrease participation by private housing providers and to restrict available housing to "racially or low-income populated neighborhoods" with little access to economic, educational, or other opportunity.
------------------------------	--

No local action beyond compliance with Round 2 Housing Guidelines is currently required but communities are encouraged to work with local public housing authorities to understand and overcome these impediments.

<u>Impediment #11</u>	Loss of housing stock in Hurricanes Dolly and Ike compounded the shortage of affordable housing in disaster recovery areas. This shortage is particularly acute in safe, low-poverty neighborhoods with access to standard public services, job opportunities and good schools.
------------------------------	---

No local action is required at this time. TDHCA will develop a statewide strategic plan including guidance for local jurisdictions on the following Action Steps in 2011.

1. To help offset the costs of developments that feature reduced rents without government support, local jurisdictions should consider establishing density bonuses to allow for higher levels of units per site for multifamily developments and single-family developments that propose increased affordability.
2. TDHCA and HUD have developed programs that preserve affordable housing. Continuing in this vein, the state and local jurisdictions should work to preserve existing affordable housing development and discourage them from converting to market rate housing. Requirements should be included in all publicly funded developments providing tenants with early and clear notification of the intention of management to convert to market rate housing and providing first right of refusal to nonprofit and public entities and organizations to purchase units to maintain affordability.
3. The state and local jurisdictions should consider using CDBG funds to buy down the cost of land in high-cost and high-opportunity development areas to increase affordable housing options in these areas.

<u>Impediment #12</u>	Lack of financial resources for both individuals and housing providers limits Fair Housing choice. Using an effective program under Section 3 of the Housing and Urban Development Act of 1968 may help members of
------------------------------	--

protected classes gain economic opportunities necessary to allow them to exercise fair housing choice.

1. The state is maximizing its resources in Round 2 of the Ike/Dolly funding to affirmatively further fair housing in single family and multi-family developments. As called for in the Conciliation Agreement, the state is looking to provide more integrated housing options for persons in racially concentrated or poverty concentrated neighborhood groups. In single-family programs, the state should require subrecipients to offer the opportunity to relocate out of floodplain areas, concentrations of racial minorities, or concentrations of poverty—through the Homeowner Opportunity Program. Any relocation should be into an area that does not result in simply relocating the high-concentration from one area to another.

Local jurisdictions will be responsible for complying with Section 3 as part of their contract with the state.

2. Jurisdictions receiving federal funds from HUD, directly or indirectly, should ensure they have a compliant Section 3 program to meet HUD requirements regarding notification to LMI eligible persons of potential job creation at the impacted neighborhood level with federal funds.
 - We have in place a Section 3 program that meets the requirements of federal law and regulations regarding potential job creation at the impacted neighborhood level and the use of federal funds to hire local LMI eligible persons. We confirm that appropriate staff persons in this jurisdiction have already received training on Section 3, regarding job creation for local LMI persons including members of protected classes. [Attachment 7 – Section 3 Policy for Tyler County; Attachment 2 – County of Tyler AFFH Policy, Section VI]
 - We have not done so but will develop a Section 3 program that meets the requirements of federal law and regulations and that ensure appropriate staff receive training.

When will you do this? 2011

Impediment #13 Location and lack of housing accessibility and visitability standards within political jurisdictions limits fair housing choice for persons with disabilities.

1. Local jurisdictions should consider establishing incentives for affordable housing applicants to create an increased set-aside of housing units for persons with disabilities or persons who are elderly without violating the existing TDHCA integrated housing rule.
2. TDHCA and local jurisdictions should consider adding proximity to medical facilities as a scoring incentive for competitive programs using federal funds for proximity to medical facilities.
3. TDHCA should require that all federally funded housing construction be built to accessibility standards found in Texas Government Code §2306.514.
 - We have formally considered: 1) establishing incentives for affordable housing developers to create an increased set-aside of housing units for persons with

disabilities or persons who are elderly without violating the existing TDHCA Integrated Housing Rule; 2) providing point incentives for units in proximity to medical facilities for competitive programs using federal funds; and 3) requiring new housing built with federal funds to be built with structures that allow for accessible features, regardless of whether the original occupant needs the features, as called for by state law. [Attach documentation of the review and resulting actions.]

- We have not undertaken the above review, but plan to do so.

When will you do this? 2011 2012 2013

- Not Applicable (Explain)

Impediment #14	Many colonias residents live in developments that have insufficient infrastructure and protections against flooding and are impacted by flooding beyond events like Hurricanes Dolly and Ike.
-----------------------	---

1. The state, COGs, and local jurisdictions should examine the infrastructure needs in colonias, in particular the use of CDBG disaster recovery funds to provide drainage improvements to correct flooding problems in the wake of Hurricane Dolly, and the historical provision of public infrastructure and housing assistance to meet those needs in border and non-border colonias.

- We have identified the unserved infrastructure needs of colonias within our jurisdiction and whether these infrastructure improvements are eligible for disaster recovery funding and, if so, whether those projects will be funded.
- We have not undertaken the above review, but plan to do so.

When will you do this? 2011

- Not Applicable (Tyler County does not have colonias.)

Impediment #15	Minority neighborhoods in disaster areas are primarily served by non-regulated insurance companies that do not adhere to underwriting guidelines and may be discriminated against in the provision of insurance. Texas has passed aggressive statutes to prevent insurance "redlining." National research indicates that protected classes face unwarranted disparities in the cost of insurance, the amount of coverage, and cancellation of policies without notice to the homeowner.
-----------------------	---

No local action is required at this time.

Impediment #16	Many jurisdictions do not have adequate Analysis of Impediments to Fair Housing or Fair Housing Plans, and do not keep sufficient records of their activities.
-----------------------	--

1. Recipients of CDBG funds from HUD for housing should maintain records as required by the Fair Housing Act, HUD regulations, and the Conciliation Agreement in order to

document that they are carrying out their commitments and affirmatively furthering fair housing.

We currently maintain all required records to document our AFFH actions and compliance with Fair Housing laws, HUD and State regulations, and the Conciliation Agreement. [Attach details of the records now kept and identify the person or entity responsible for keeping these records.]

We have not done so but do so in compliance with GLO guidance.

When will you do this? 2011 2012 2013

Not Applicable (Explain)

2. As required under the Conciliation Agreement, the State will conduct a new Statewide AI after HUD approval of the Phase 1 AI. Entitlement communities should conduct new AIs or update current AIs to ensure that they address all recommended data and issues and specifically address issues related to all protected classes under the Fair Housing Act. Race and national origin, as well as the other protected classes, must be identified independent of low and moderate-income categories in order to understand the impact of actions, practices, regulations, ordinances, and other factors on them.

We recently completed a formal Analysis of Impediments, are currently updating an existing AI, or are conducting our first AI. [Attach most recent AI or draft.]

We are using the FFAST form process to analyze our impediments to fair housing and plan how to address them.

Alternative or additional Local Action Steps developed by this jurisdiction: To address unique impediments to fair housing within each community, local jurisdictions are encouraged to develop alternative action steps to be adopted in lieu of or in addition to those set out in the State of Texas Interim Analysis of Impediments to fair housing. If your jurisdiction elects to propose alternative or additional action steps, please describe them below.

We plan to take additional Action Steps, described in an Attachment.

We will not take additional FH Action Steps at this time.

Austin, Texas 78701

**RE: TYLER COUNTY IKE ROUND I DRS010191 / GLO 10-5127-000-5108
CONTRACT AMENDMENT 5**

Dear Mr. Smith:

All of the existing projects in the above mentioned contract have been bid and awarded, resulting in unobligated funds remaining. The County requests a Performance Statement Amendment in order to utilize these unobligated funds for additional street improvements throughout the County.

The roads and bridges included in this amendment (attached) were all affected by Hurricane Ike in the same manner as those locations originally included in the application. Drainage ditches and culverts failed to function due to the debris and storm water that washed through the road side ditches and clogged road crossings. FEMA did not cover the damage to these roads because the road base damage was not immediately apparent. The letter from my office included with the original application explained this situation.

Attached please find the Performance Statement markup, cost estimate and project map for these new project locations. The County recognizes the need for environmental review for these project locations. The overall number of beneficiaries for the contract will not change, as countywide numbers are already included. In order to accommodate the time needed to process this amendment, issue work orders for the engineer and environmental service provider, conduct an environmental review and complete these road projects which are climate sensitive, the County requests a two year time extension to April 30, 2014.

These improvements will be performed by a combination of force account and contract. The cost estimate table and the Performance Statement markup indicate the method for each location. The approval of this amendment will allow for additional much needed repairs to the County road system not previously included due to budgeting.

If you have any questions concerning the County's request for this contract amendment, please contact my office or the County's grant administrator, David J. Waxman, Inc. Thank you for your attention to this matter.

Sincerely,

AMENDMENT NO. 45

EXHIBIT A

CONTRACT NO. DRS010191

PERFORMANCE STATEMENT

County of Tyler

Grantee shall carry out the following activities in the target area identified in its 2008 Texas CDBG Disaster Recovery Supplemental Grant application to aid areas most impacted and distressed by Hurricanes Ike or Dolly. The persons to benefit from the activities described in this Performance Statement must be receiving service or a benefit from the use of the new or improved facilities and activities for the contract obligations to be fulfilled. Grantee shall ensure that the amount of funds expended for each activity described does not exceed the amount specified for such activity in Exhibit B, Budget.

As a result of Hurricane Ike on September 13, 2008, the county's water facilities, fire stations, and justice center failed to function. The failure to function was due to loss of normal electrical power service for several days. The failure of these facilities to function threatened the public health, safety, and welfare of all served by these facilities due to lack of a potable water supply, lack of adequate shelter, and compromised emergency services. The county is in need of adequately-sized generators that will serve as a backup power supply to operate these facilities.

Also, as a result of Hurricane Ike, several roads and bridges were damaged by standing water, flying debris, heavy vehicles during debris removal, utility repair, and relief efforts that caused the roads to fail to function as the primary access for the area. The failure of the roads and bridges to function threatens the public health, safety, and welfare of all served by the roads and bridges due to uneven roadway surfaces, structurally damaged bridges, and impeded emergency vehicle access. The county is in need of infrastructure improvements including road repair and bridge replacement to ensure roadway function.

In addition, the Senior Citizen Center failed to function as an emergency shelter. The failure to function was due to a lack of adequate kitchen facilities and a lack of shower and sleeping facilities. The failure of the shelter to function threatens the public health, safety, and welfare of all served by the facility due to a lack of adequate shelter. The county is in need of expanded shelter facilities to ensure adequate emergency shelter.

Water Facilities-1a

Grantee shall purchase and install one (1) one hundred kilowatt (100 kW) permanently-affixed, natural gas-fueled generator with automatic transfer switch and associated appurtenances. Grantee shall construct a concrete pad for generator mounting and perform site work associated with construction. Construction shall take place at the Chester Water Supply Corporation Water Plant #1 located at 141 Cade Street, in Chester, Texas. Installation of the backup generator will ensure continuous operation of the water plant and uninterrupted water service.

These activities shall benefit nine hundred twelve (912) persons, of which two hundred seventy-one (271), or twenty-nine percent (29%), are of low to moderate income.

In accordance with Section 16(D) of all TxCDBG Contracts, the above-mentioned Grant Recipient certifies that this request, as identified in the Budget (Exhibit B), meets all of the following conditions:

- The cumulative dollar amount of all non-amended transfers among direct budget categories is less than or equal to ten percent (10%) of the total amount of the contract as specified in Section 4(C) of the contract (or 5% of the total amount of a Texas Capital Fund contract as specified in Section 16(D) of the TCF contract).
- The transfer will not change the scope or objective of the project(s) funded through the TxCDBG contract.

The transfer of funds is needed for the following reasons:

REASON: This budget amendment moves unobligated funds into Street Improvements and Neighborhood Facilities in order to cover the costs of new projects included in Amendment 5 and the existing shelter project. Funds are also moved into Engineering in order to increase the work order for the engineer as necessary for new projects.
