Hi LeAnn,

I apologize for the delay, I have been on the road all day until now. I didn't know what inventory I could shuffle and still get the weekend done for you. By your description below it sounds as though you want the 3rm & the 4rm, did I read it right? Regardless, the reality is we don't have one of each available. I will know tomorrow if I am to p/u a 4rm, but not sure I could make it all happen, and I do not like to disappoint. The only trailer I have available this weekend is our 8stl. Four women stalls, two men stalls, and two urinal's. It will serve up to 500 folks for a one day event. Capacity is about 2000 flushes. We will want to go over numbers again to estimate your usage. Below is cost. We will likely need to deliver tomorrow for a 4th & 5th event. You can call me tonight if it's convenient.

8stl Premium Mobile Restroom Trailer (4 women/4 men).....\$2500
Price includes transportation to Woodville (delivery, set-up, & retrieval)

Best regards,
Jeffrey Nott
