

Attachment A  
Source of Funds Statement and Verification  
Tyler County

**Source of Funds Statement and Verification**

A grant award of \$1,000,000 was made by the Texas Historical Commission on July 27, 2021, for Round XI of the Texas Historical Courthouse Preservation Program, 2020-2021 biennium for the Preservation of the Tyler County Courthouse as described in the Scope of Work, Attachment "C" (Project).

Therefore, the source of funds for this Project shall be:

|   |                 |
|---|-----------------|
| (state share) =                               | \$1,000,000.00* |
| (minimum local share to receive full grant) = | \$ 261,947.00   |
| Estimated total project cost =                | \$1,261,947.00  |

\*The state share of the project represents approximately 80% of the total project cost as stated in the Project Cost Estimate, Attachment "B". This percentage will be used for reimbursement.

As a legal representative of this County, I do verify that the County's required matching funds are available, either in ready cash, loans or other grant awards. I further understand that the total project cost has been estimated at the figure above and stated in Attachment "B" and that any costs which exceed this amount will be contributed by the County as necessary to accomplish the Scope of Work stated in Attachment "C."
