RE: 2023 Local Government Assistance Program

Dear Judge Blanchette:

The Texas Department of Transportation (TxDOT) provides materials to the counties every year through the Local Government Assistance Program (**TAC Title 43, Part 1, Chapter 29, Subchapter A, Rule §29.3**). The rules for this program were established based on Transportation Code §201.706, Local Government Assistance in 1997, which requires TxDOT to provide materials to the counties to assist in repairing and maintaining county roads damaged by the impact of the 2060 Weight Tolerance permits.

This legislation requires that at least \$6,000,000 worth of materials be provided each year to counties in the state, which should be primarily satisfied by surplus materials. New material may be purchased only if surplus material is unavailable or if haulage costs are prohibitive. TxDOT has an adequate supply of surplus material that will be available to your county this year; therefore, it will not be necessary to purchase materials to fulfill the commitment.

Program Allocation Method

- 65% is based on the county's percentage of statewide Weight Tolerance permits
- 20% is based on the county's percentage of statewide county road vehicle miles
- 15% is based on the county's percentage of statewide lane miles of county roads

The allocated value of materials for Tyler County for FY 2023 is \$18,623. TxDOT will provide 931 cubic yards of RAP (reclaimed asphaltic pavement) to Tyler County valued at \$20/CY to fulfill the county's allotment. The material is located on FM 256 @ US 287 and FM 1013 @ FM 92.

Please complete the attached form with the quantity assigned to each precinct and return within 45 days to serve as the county's written request for the material.

When we receive the signed form, TxDOT's Woodville Maintenance Supervisor Jay Castleberry will notify the commissioners to begin hauling material. The precincts are required to provide haul tickets detailing the number of cubic yards for each load. The tickets may be mailed to Mr. Castleberry's attention at 807 Pine Street, Woodville, TX 75979, or hand delivered. He may be reached at (409) 283-2451 to discuss the arrangements.

All material must be received by Tyler County prior to March 31, 2023.

OUR VALUES: People • Accountability • Trust • Honesty
OUR MISSION: Connecting You With Texas

An Equal Opportunity Employer

Judge Blanchette,

Documents for the 2023 Local Government Assistance Program for roadway materials available to Tyler County are attached. Please complete the Material Request form, sign and date, and return within 45 days to complete the county's written request for the materials. The request may be electronically signed and dated. Once I receive the form, the county will be notified to make arrangements with Jay Castleberry, Woodville Maintenance Supervisor, to begin hauling material.

All material should be hauled by March 31, 2023.

Let me know if you have any questions or comments about the program this year.

Thank you,
