Re: Request to close/remove CR 3567 as a County Road

Dear Mr. Marshall:

I reside at 225 County Road 3567, Woodville, Texas 75079. There is part of my driveway that is marked as a County Road. The length is barely 200 yards long. I was told it was designated as a county road for emergency purposes.

I am requesting that this county road be closed/removed from the county records as a public road and become my private road.

Please let me know what measures I need to take for this to happen if it's approved. Your cooperation in the matter is greatly appreciated.

Sincerely,

Wade Miller
