Allegiance Ambulance Mobile Health- Ambulance Provider

Attention: Justin W. Cude NREMT- Paramedic
Regional Vice President
Administrator of Record
Infection Control Officer

Collaborative Branding and Co-Livery Initiative on Emergency Medical Service (EMS)
Vehicles

Dear Mr. Justin Cude

Regional Vice President,

Tyler County greatly values the partnership and essential services provided by Allegiance Mobile Health to our residents and visitors. We recognize the professionalism and quality of care your team delivers daily.

As we look to enhance community confidence and public safety awareness, Tyler County is giving Allegiance Mobile Health permission to use the name Tyler County as a voluntary Co-Branding and Visibility Initiative for the emergency response vehicles that are part of our co-partnership to enhance emergency response in Tyler County. This is not a mandate under our current agreement but an invitation to collaborate on a visual strategy that benefits both Tyler County and Allegiance Mobile Health.

Thank you for considering this proposal for a stronger, more visible partnership in service to the community.

Sincerely,

Milton Powers

Tyler County Judge
